

What is **Anthropology**?

Anthropology is a multidisciplinary field of study that explores the origins, development, and diversity of human beings and their societies.

It encompasses various subfields including *cultural anthropology*, which examines the beliefs, practices, and social structures of different cultures; *archaeology*, which investigates past human societies through material remains; and *linguistic anthropology*, which studies the role of language in human societies.

Anthropologists use diverse methods such as ethnography, excavation, and comparative analysis to understand the complexity of human culture and biology.
