**Truth Aflame** Larry D. Hart, 2010-02-23 Larry Hart's Truth Aflame brings together charismatic renewal and classic evangelical faith better than anything I have read An important contribution to the contemporary renaissance in systematic theology Timothy George Dean of Beeson Divinity School of Samford University Executive Editor of Christianity Today As the Pentecostal charismatic movement continues to grow so does the need for solid theological resources for its members While there are many volumes of systematic theology available very few are written from a distinctly charismatic perspective Truth Aflame seeks to meet that need While academically sound Truth Aflame is written with a practical pastoral flavor Larry Hart defines systematic theology as the process of taking what the Bible teaches and relating it to contemporary questions and knowledge His passion for the subject is evident he is concerned that the reader both grasps the magnificence of the study of God and allows these great truths to be transformative This Truth then liberating enlivening and transforming Truth becomes central to the ongoing renewal of the church that we are seeing in our day Dr Hart treats each of the traditional categories revelation God creation humanity sin Christ salvation the church and last things from a Pentecostal charismatic perspective He addresses other theological viewpoints but does not get bogged down in analysis and rebuttal Further he seeks to build bridges of understanding to those evangelicals outside the charismatic tradition Clear succinct and readable this revised and updated edition of Truth Aflame is well suited not only for students but for anyone desiring a greater understanding of Pentecostal charismatic theology

DEVELOPING HEALTHY CHURCHES Kieran Beville, 2014-12-10 In an age obsessed with physical and psychological health the author emphasizes the importance of spiritual well being as an essential element of holistic health for the individual Christian and for Christian communities This work constitutes a template for a spiritual audit of the local church It offers an appointment with the Great Physician that no Christian can afford to ignore Developing Healthy Churches A Case Study in Revelation begins with a well researched outline of the origins and development of the church health movement With that background in mind the author aware that throughout the history of the church there have been a number of diverse views about how Revelation ought to be interpreted presents the reader with four distinct interpretive models These are the idealist preterist historicist and futurist Beville explains these interpretive approaches simply and critiques them fairly Revelation is a complex but intriguing book which presents seven letters to the churches of Asia Minor However this easy to read work will take readers to the heart of the matter by taking them to the

heart of Jesus The historical and cultural background provides fascinating insights to the meaning of Christ s words to those churches then and to all churches now The author elicits essential application for the church today He presents timeless and timely truths in a fresh and forthright manner The reader is informed about issues of particular historical significance in a way that has contemporary resonance Here is a work that cautions about complacency confronts compromise and challenges the carnality of Christians in contemporary culture Beville tells us not only what Jesus desires from his disciples but also what He demands Thus this work presents uncomfortable truth for comfortable churches because it allows the voice of Jesus to be heard with clarity amongst the clamor of church activity Christians who want to restore their vision and vigor will find this book immensely profitable
