Abstract Expressionism Basic Art:

Abstract Expressionism Barbara Hess, 2009 Presents major members of the New York School **The Oxford Handbook of Humanism** Anthony B. Pinn, 2021 As a system of thought that values human needs and experiences over supernatural concerns humanism has gained greater attention amid the rapidly shifting demographics of religious communities This outlook has taken on global dimensions with activists artists and thinkers forming a humanistic response not only to religion but to the pressing social and political issues of the 21st century The Oxford Handbook of Humanism aims to explore the subject by analyzing its history its philosophical development and its influence on culture It will also discuss humanism as a global phenomenon an approach that has often been neglected in more Western focused works **Pixels & Paintings** David G. Stork, 2023-11-14 PIXELS PAINTINGS The discussion is firmly grounded in established art historical practices such as close visual analysis and an understanding of artists working methods and real world examples demonstrate how computer assisted techniques can complement traditional approaches Dr Emilie Gordenker Director of the Van Gogh Museum The pioneering presentation of computer based image analysis of fine art forging a dialog between art scholars and the computer vision community In recent years sophisticated computer vision graphics and artificial intelligence algorithms have proven to be increasingly powerful tools in the study of fine art These methods some adapted from forensic digital photography and others developed specifically for art empower a growing number of computer savvy art scholars conservators and historians to answer longstanding questions as well as provide new approaches to the interpretation of art Pixels Paintings provides the first and authoritative overview of the broad range of these methods which extend from image processing of palette marks brush strokes and shapes up through analysis of objects poses style composition to the computation of simple interpretations of artworks This book stresses that computer methods for art analysis must always incorporate the cultural contexts appropriate to the art studies at hand a blend of humanistic and scientific expertise Describes powerful computer image analysis methods and their application to problems in the history and interpretation of fine art Discusses some of the art historical lessons and revelations provided by the use of these methods Clarifies the assumptions and applicability of methods and the role of cultural contexts in their use Shows how computation can be used to analyze tens of thousands of artworks to reveal trends and anomalies that could not be found by traditional non computer methods Pixels Paintings is essential reading for computer image analysts and graphics specialists conservators historians students psychologists and the general public interested in the study and appreciation of art **Essential Art** ,2007 This is a quick handy reference guide to art from prehistoric times up to the present The book is arranged in chronological order covering all the main time periods movements and well known artists There are time lines for each section as well as brief introductions to what was happening politically socially etc at the time and also an in depth look at famous artists The text is accessible and authoritative The layout is easy to follow and well laid out In short this is the ideal student s or layman s guide

to the history of art **Hot Art, Cold War - Southern and Eastern European Writing on American Art 1945-1990**
 Claudia Hopkins,Iain Boyd Whyte,2020-12-21 Hot Art Cold War Southern and Eastern European Writing on American Art
 1945 1990 is one of two text anthologies that trace the reception of American art in Europe during the Cold War era through
 primary sources Translated into English for the first time from sixteen languages and introduced by scholarly essays the texts
 in this volume offer a representative selection of the diverse responses to American art in Portugal Italy Spain Greece
 Yugoslavia Romania Bulgaria Soviet Union including the Baltic States Czechoslovakia Poland Hungary and East Germany
 GDR There was no single European discourse as attitudes to American art were determined by a wide range of ideological
 political social cultural and artistic positions that varied considerably across the European nations This volume and its
 companion Hot Art Cold War Northern and Western European Writing on American Art 1945 1990 offer the reader a unique
 opportunity to compare how European art writers introduced and explained contemporary American art to their many and
 varied audiences Whilst many are fluent in one or two foreign languages few are able to read all twenty five languages
 represented in the two volumes These ground breaking publications significantly enrich the fields of American art studies
 and European art criticism **ARTnews** ,1956 **Embodied Metaphors in Film, Television, and Video Games** Kathrin
 Fahlenbrach,2015-10-05 In cognitive research metaphors have been shown to help us imagine complex abstract or invisible
 ideas concepts or emotions Contributors to this book argue that metaphors occur not only in language but in audio visual
 media well This is all the more evident in entertainment media which strategically sell their products by addressing their
 viewers immediate reflexive understanding through pictures sounds and language This volume applies cognitive metaphor
 theory CMT to film television and video games in order to analyze the embodied aesthetics and meanings of those moving
 images **German Division as Shared Experience** Erica Carter,Jan Palmowski,Katrin Schreiter,2019-06-06 Despite the
 nearly three decades since German reunification there remains little understanding of the ways in which experiences
 overlapped across East West divides German Division as Shared Experience considers everyday life across the two
 Germanies using perspectives from history literary and cultural studies anthropology and art history to explore how
 interconnections as well as fractures between East and West Germany after 1945 were experienced lived and felt Through its
 novel approach to historical method the volume points to new understandings of the place of narrative form and lived
 sensibility in shaping Germans simultaneously shared and separate experiences of belonging during forty years of division
 from 1945 to 1990 **Glossary of Art, Architecture and Design Since 1945** John Albert Walker,1992 **Time** Briton
