

# THE HUMAN ABSTRACT

Pity would be no more  
If we did not make somebody poor,  
And Mercy no more could be  
If all were as happy as we.

And mutual fear brings Peace,  
Till the selfish loves increase  
Then Cruelty knits a snare,  
And spreads his baits with care.

He sits down with his holy fears,  
And waters the ground with tears;  
Then Humility takes its root  
Underneath his foot.

Soon spreads the dismal shade  
Of Mystery over his head,  
And the caterpillar and fly  
Feed on the Mystery.

And it bears the fruit of Deceit,  
Ruddy and sweet to eat,  
And the raven his nest has made  
In its thickest shade.

The gods of the earth and sea  
Sought through nature to find this tree,  
But their search was all in vain:  
There grows one in the human Brain.

Adeyemi Daramola's Poem "Coronavirus Pandemic"** Nnadube Ejiogu,2020-05-20 Essay from the year 2020 in the subject Literature Africa grade 2 5 University of Lagos language English abstract This paper aims to answer the question of how Adeyemi Daramola s poem Coronavirus Pandemic serves as a paragon for African oral Construction on more general basis Poetry continues to provide the place of mirroring the existential reality of the society The exactitude in this is what animates the architecture of Adeyemi Daramola s Coronavirus Pandemic Admittedly it has shamelessly but viciously become the metaphorical clog in the wheels of our global collective progress This global issue is gradually serving as a raw material for literature validating the truth that literature reflects the society There is no gainsaying that there is a symbiotic relationship between the pair so that what affects one quite naturally impinges on the other Without doubt the situation has served as a tool in the construction of Adeyemi Daramola s Coronavirus Pandemic Daramola through his poem lends his voice to the numerous voices that have registered their concern on the influx of the virus and its consequential effect The poet reaches into the vast repository of oral literature in providing an African interpretation of a Western named global pandemic experience He aesthetically weaves traditional nuances into the poem with a polish of sound while rhythmically and linguistically nativizing the piece touching base with African orality conventions as he attempts to address an existing reality of a globally shared horrifying experience Given this schema this paper is bound to the bane of using the analytical tool of orality in appreciating Daramola s artistic craft **The Art of Botticelli** Laurence Binyon,1913 **An Historical View of Literature and Art in Great Britain (etc.) 2.
