Academic Precocity, Aspects of Its Development Camilla Persson Benbow, Julian C. Stanley, 1983 **Academic Precocity, Aspects of Its Development** Camilla Persson Benbow, Julian C. Stanley, 1983 *Learning and Motivation in the Classroom* Scott G. Paris, Gary M. Olson, Harold W. Stevenson, 2017-09-13 Throughout the twentieth century there had been substantial links between scientific psychology and education Binet Dewey Thorndike and other early pioneers were strongly interested in both realms Taking advantage of a period of enthusiasm this title originally published in 1983 looks at the amalgamation of the recent advances at the time in theory and research in education and psychology with a particular focus on cognition motivation and social policy This volume presents and discusses the implications of this work on learning and motivation for educational policy **Grouping and Acceleration Practices in Gifted Education** Linda E. Brody, Sally M. Reis, Series Editor, 2004-03-06 Various forms of grouping and acceleration are studied in this volume along with recommendations for implementation **The Einstein Syndrome** Thomas Sowell, 2021-08-10 The Einstein Syndrome is a follow up to Late Talking Children which established Thomas Sowell as a leading spokesman on the subject of late talking children While many children who talk late suffer from developmental disorders or autism there is a certain well defined group who are developmentally normal or even quite bright yet who may go past their fourth birthday before beginning to talk These children are often misdiagnosed as autistic or retarded a mistake that is doubly hard on parents who must first worry about their apparently handicapped children and then see them lumped into special classes and therapy groups where all the other children are clearly very different Since he first became involved in this issue in the mid 90s Sowell has joined with Stephen Camarata of Vanderbilt University who has conducted a much broader more rigorous study of this phenomenon than the anecdotes reported in Late Talking Children Sowell can now identify a particular syndrome a cluster of common symptoms and family characteristics that differentiates these late talking children from others relate this syndrome to other syndromes speculate about its causes and describe how children with this syndrome are likely to develop **Exceptionally Gifted Children** Miraca U. M. Gross, 2002-01-08 Providing practical guidance throughout on how such children can be identified and assisted this new edition of a classic text will be essential reading for all teachers and parents of gifted and talented children **Mensa Research Journal** ,1991 **College and University** ,1987 Includes proceedings of the association s annual convention **The Gifted and Talented** Frances Degen Horowitz, Marion O'Brien, 1985 The chapters that this book comprises represent what is known about the gifted and the talented from a developmental perspective As one author after the other stresses this volume is equally a testament to what is not known The chapters in this section Part I reflect the lack of agreement in past research over the nature of giftedness but the authors raise similar questions for future investigations These five chapters set forth major issues facing investigators in the field of giftedness From the diverse points of view emerges one commonality the call for prospective developmental research guided by theory to aid our understanding

of the complex of factors that contribute to gifted performance The authors of the chapters in this section Part II discuss giftedness in a social perspective and suggest areas in which research and innovative action might be most useful In this section Part III authors explore approaches to studying the development of the gifted from diverse and innovative points of view PsycINFO Database Record c 2004 APA all rights reserved The Origins and Development of High Ability Gregory Bock, Kate Ackrill, 1993-12-28 How can early talents best be identified and what conditions are most likely to facilitate the development of exceptional children into high achieving adults Are a child's commitment to improve his or her abilities and the encouragement of this by parents and teachers the cause or the result of the child's talents Must one be a highly able child to become a highly able adult C & U, 1982 **The Abilities of Gifted Children** Edwina D. Pendarvis, Aimee Howley, Craig B. Howley, 1990 The book is designed as the primary text for courses that consider the nature of giftedness It offers a strong introduction to the study of gifted education and is accessible to both undergraduate and graduate students Chapters address the following topics the study of gifted students heredity and environment intelligence constructs creativity constructs adulthood eminence leadership and careers academically talented children children with talent in the visual and performing arts typical gifted development precocious development inhibited development underachievement unfair discrimination poverty and minority gifted children and methods of talent development Extensive references are included DB **Theoretical and Practical Issues in the Implementation of the Current Ethiopian School Curriculum** Derebssa Dufera, 2008 **Encyclopedia of Special Education** Elaine Fletcher-Janzen, Lester Mann, 1987-05-13 **Journal for Research in Mathematics Education**, 1986 **Publications** University of Michigan. Institute for Social Research, The Career Counseling Casebook Spencer G. Niles, Jane Goodman, Mark Pope, 2002 **Developmental Approaches to Giftedness and Creativity** David Henry Feldman, 1982 *Psychology of Individual Differences: Intelligence* Gregory John Boyle, Donald H. Saklofske, 2004 Child Prodigies and Exceptional Early Achievers John Radford, 1990 An investigation of exceptional early ability which draws upon both historical and contemporary examples of child prodigies The author demonstrates the varied fields in which achievement is possible and considers the role of environment genetic inheritance and stimulating mentors
