Mike Singletary One-On-One Mike Singletary,Jay Carty,2005-08-04 Football fans will remember the penetrating gaze of the eyes beneath the helmet of the Chicago Bears 55 throughout the 1980s and into the

1990s NFL legend Mike Singletary's skills and determination as a linebacker were second to none. Now readers can meet the man of faith behind those amazing tackles. Together with bestselling author Jay Carty, Mike Singletary lets you in behind the scenes of a career in which the term Christian football player seems like an oxymoron. Prepare yourself to learn life lessons from an athlete and man who in the midst of a competitive contact sport gave his all to the glory of God. [The Complete Handbook of Pro Football 1993](#) Zander Hollander, 1993-08. A must alongside the TV set for every football fan. The Complete Handbook of Football amounts to 28 NFL yearbooks in one. All teams are analyzed in depth with scouting reports, 300 player and coach profiles, rosters, and all-time club records. Includes schedules and nationally televised games.

Right on the Numbers Nino Frostino, 2004. The basic subject of the book is to justify which athlete was the Greatest to ever wear a particular number. In my research, I listed all of the possible uniform numbers 0 to 99, took the finest athletes from the four major sports: baseball, basketball, football, and hockey, and slotted them under their appropriate uniform number. For each player, I created a mini biography detailing their finest exploits on the field, whether it was All-Star nods, championships won, records held, on-field highlights, etc. Basically, I created a case for that athlete to be considered the best to ever wear the number. Among the possible uniform numbers, I've listed nearly 850 athletes for consideration and provided the accompanying biography. At the end of each section, I form a debate as to the Greatest to ever wear the number and then make a selection. After the selection is posted, I then list some quotes made by or about the athlete for the reader to gain even more insight into the player. Even if the reader is not overly concerned about the choice as to the Greatest under each uniform number, the book also serves as a wonderful reference guide. If the reader is interested in finding out more about any of the listed athletes, it's easy to look up the player and find out who he played for and what he did between the white lines. In either case, *Right On the Numbers* serves multiple uses and is a must-have for any true sports fan.
