Of Comics and Men Jean-Paul Gabilliet, 2013-03-25 Originally published in France and long sought in English translation Jean Paul Gabilliet's *Of Comics and Men: A Cultural History of American Comic Books* documents the rise and development of the American comic book industry from the 1930s to the present. The book intertwines aesthetic issues and critical biographies with the concerns of production, distribution, and audience reception, making it one of the few interdisciplinary studies of the art form. A thorough introduction by translators and comics scholars Bart Beaty and Nick Nguyen brings the book up to date with explorations of the latest innovations, particularly the graphic novel. The book is organized into three sections: a concise history of the evolution of the comic book form in America; an overview of the distribution and consumption of American comic books, detailing specific controversies such as the creation of the Comics Code in the mid-1950s and the problematic legitimization of the form that has occurred recently within the academy and in popular discourse; and viewing comic books from a variety of theoretical lenses. Gabilliet shows how seemingly disparate issues—creation, production, and reception—are in fact connected in ways that are not necessarily true of other art forms. Analyzing examples from a variety of genres, this book provides a thorough landmark overview of American comic books that sheds new light on this versatile art form.

Shortcake: The Complete Trilogy Christopher Gorham Calvin, 2024-04-12 From the beginning to the end Experience the gripping techno thriller series *The Shortcake Trilogy* now available as a single collection. Amanda and Evan represent the future of human potential. They've been genetically engineered to physical and mental perfection. But perfection comes at a price, and when Amanda's growth goes too high, she escapes the research facility she calls home, igniting an explosive series of events that will leave the world forever changed. Journey with Amanda across three gripping novels as she evolves from a lost soul searching for identity into humanity's last hope against an unimaginable darkness. Experience her battle with internal demons and external threats alike, the unbreakable bonds she forms with those who see beyond her engineered origins, and her transformation into the hero she's destined to become. This collection combines all three books in Christopher Gorham Calvin's acclaimed series *Shortcake*: *Shortcake*, *Impulse*, *Reborn*, and *Shortcake: Prophecy Fulfilled* in an unforgettable saga that explores the burden of incredible potential, the strength of love, and the eternal question of what makes us human. With escalating stakes, emotional depth, and action-packed climaxes that will leave you breathless, *Shortcake: The Complete Trilogy* delivers an unforgettable tale that resonates long after the story ends.
