Complete Shorter Fiction:

The Complete Shorter Fiction of Virginia Woolf Virginia Woolf, 1989 Contains forty five selections of her short stories and sketches presented chronologically

Modernist Short Fiction by Women Dr Claire Drewery, 2013-05-28 Taking on the neglected issue of the short story's relationship to literary Modernism Claire Drewery examines works by Katherine Mansfield Dorothy Richardson May Sinclair and Virginia Woolf Drewery argues that the short story as a genre is preoccupied with transgressing boundaries and thus offers an ideal platform from which to examine the Modernist fascination with the liminal Embodying both liberation and restriction liminal spaces on the one hand enable challenges to traditional cultural and personal identities while on the other hand they entail the inevitable negative consequences of occupying the position of the outsider marginality psychosis and death Mansfield Richardson Sinclair and Woolf all exploit this paradox in their short fiction which typically explores literal and psychological borderline states that are resistant to rational analysis Thus their short stories offered these authors an opportunity to represent the borders of unconsciousness and to articulate meaning while also conveying a sense of that which is unsayable Through their concern with liminality Drewery shows these writers contribute significantly to the Modernist aesthetic that interrogates identity the construction of the self and the relationship between the individual and society

Virginia Woolf Eileen Barrett, Patricia Cramer, 1997-07 The last two decades have seen a resurgence of critical and popular attention to Virginia Woolf's life and work Such traditional institutions as The New York Review of Books now pair her with William Shakespeare in promotional advertisements her face is used to sell everything from Barnes Noble books to Bass Ale Virginia Woolf Lesbian Readings represents the first book devoted to Woolf's lesbianism Divided into two sections Lesbian Intersections and Lesbian Readings of Woolf's Novels these essays focus on how Woolf's private and public experience and knowledge of same sex love influences her shorter fiction and novels Lesbian Intersections includes personal narratives that trace the experience of reading Woolf through the 60s 70s 80s and 90s Lesbian Readings of Woolf's Novels provides lesbian interpretations of the individual novels including Orlando The Waves and The Years Breaking new ground in our understanding of the role Woolf's love for women plays in her major writing these essays shift the emphasis of lesbian interpretations from Woolf's life to her work
