

EXECUTIVE SUMMARY

The community oriented policing system of the Philippine National Police (PNP) has gone a long way towards providing proactive police services to the citizens. However, a continuous effort to improve the delivery of these services must be implemented as peace and order and public safety concerns are constantly evolving. The Barangay Peacekeeping Operations (BPO) and its implementor, the Barangay Peacekeeping Action Teams (BPAT) are examples that the PNP does not stop of giving our countrymen the best possible policing system. Hence, the preparation of this manual does not culminate by its publication, it is a work in progress. Thus, all PNP members and even the citizens are enjoined to submit or forward comments, recommendations or reactions to the nearest police station or BPAT Desk. All inputs will then be utilized to update and upgrade this manual.

This reference material was so designed for easy understanding and guidance of all concerned. The presentation follows the standard manner where the introduction and rationale precede the essential BPO concepts which include the mission, vision and functions.

The basic knowledge on the organization, conceptual paradigm and fundamentals are discussed in the middle part of the manual.

Finally, recommended BPAT activities and operational procedures are aptly described towards the end.

A glossary of terms used in this manual and appendices were included as additional references.
