Accountability Among Men:

Routledge Handbook on Men, Masculinities and Organizations Jeff Hearn, Kadri Aavik, David L. Collinson, Anika Thym, 2023-11-24 This Handbook provides new theoretical and empirical insights into men's practices and masculinities across many kinds of organizations and forms of organizing. Most mainstream studies of organizations, leadership and management do not seem to notice they are often talking a lot about men and masculinities. The Handbook challenges this general tendency to avoid gendering men by bringing together a range of theoretical and methodological approaches that engage with not only formal organizations such as businesses and state organizations but also processes of organizing within and beyond organizations. It addresses emergent and future issues on men, masculinities and organizations such as tech, masculinities, men's emotions, sexualities and violence, animal advocacy and environmental issues and men and masculinities in pandemics. Targeted at scholars, policymakers, practitioners and students interested in links between men, masculinities, organizations and organizing, this landmark Handbook is an invaluable resource for those working in and beyond such fields as gender studies, organization, leadership and management studies, political science, sociology, social and public policy and social movement studies. Chapter 28 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license.

Gendering Bodies Sara L. Crawley, Lara J. Foley, Constance L. Shehan, 2008 *Gendering Bodies* explains how the social world shapes our physical bodies and how our bodies shape the social world. In this remarkable investigation into contemporary ideas of gender, sociologists Crawley, Foley and Shehan argue that bodies are constantly being gendered or encouraged to participate in heterosexual gender conformity. This engendering influences nutrition practices, work and employment choices, dieting, working out, cosmetic surgery, sexual practices and training or lack thereof in sports or fitness. This is an accessible yet comprehensive sociological inquiry into a theory of the gendered body. **Accountability Among Men** Bob Beltz, Gary J. Oliver, 1994 *Spiritual growth requires accountability to others*. Here is a book that can help you experience the blessings and growth that accountability can bring to your spiritual life. *The American Journal of Sociology* Albion W. Small, Ellsworth Faris, Ernest Watson Burgess, Herbert Blumer, 1906 Established in 1895 as the first U.S. scholarly journal in its field, *AJS* remains a leading voice for analysis and research in the social sciences, presenting work on the theory, methods, practice and history of sociology. *AJS* also seeks the application of perspectives from other social sciences and publishes papers by psychologists, anthropologists, statisticians, economists, educators, historians and political scientists.

Men Who Believe in Feminism Amanda Goldrick-Jones, 2002-11-30 *Goldrick-Jones academic writing and women's studies* U of Winnipeg explores the motives and tells the stories of anti-sexist men's groups in North America, Britain and Australia from the early 1970s through the end of the 1990s. They share a common goal of inviting men to support feminist principles and do feminist work. Annotation copyrighted by Book News Inc, Portland, OR. **Signs of the Times, and Doctrinal**
