Composing Voices:

Composing for Voice Paul Barker, 2004 The book primarily focuses on classical vocal music but also draws on examples from jazz Broadway theatrical operatic and popular music From understanding the mechanics of the voice through techniques to wed text to music this book will aid both composers and vocalists to better understand each other s craft

Writing Voices Teresa Cremin, Debra Myhill, 2013-07-03 Drawing upon recent research projects undertaken by the co authors and other research within the wider research community this timely book makes connections to projects and initiatives that are unfolding on the national and international scene Highly Commended for the UKLA Academic Book Award 2013

On Voice Walter Bernhart, Lawrence Kramer, 2014-04-20 The essays collected here raise a simple but rarely asked question just what exactly is voice From this founding question many others proliferate Is voice an animal category as Aristotle thought Or is it distinctively human Is it essentially related to language To music To song and singing Is it a mark of presence or of absence Is it a kind of object How is our sense of voice affected by the development of recording technology The authors in this volume approach such questions primarily by turning away from a general idea of voice and instead investigating what can be learned by attending to the qualities and acts of particular voices The range is wide from Poe s Leigeia to Woolf s The Waves from Jussi Bj rling to Waltraud Meier from song to oratorio to opera and beyond Throughout consistent with the volume s origin in papers delivered at the eighth biennial meeting of the International Association for Word and Music Studies the role of voice in joining or separating words and music is paramount These studies address key topics in musicology literary criticism philosophy aesthetics and performance studies and will also appeal to practicing musicians

Composing for Voice Paul Barker, Maria Huesca, 2018-03-19 *Composing for Voice Exploring Voice Language and Music* Second Edition elucidates how language and music function together from the perspectives of composers singers and actors providing an understanding of the complex functions of the voice pedagogically musicologically and dramatically *Composing for Voice* examines the voice across a wide range of musical genres including pop jazz folk classical opera and the musical and explores the fusion of language and music that is unique to song This second edition is enlarged to attract a wider readership amongst all music and theatre professionals and educators whilst also engaging an international audience with the introduction of new co author Maria Huesca New to the second edition A review of the history of singing An overview of the development of melisma A chapter to help performers understand each other as singers and actors often receive disparate educations Case studies and qualitative research around song lyric and meaning A discussion of the synthetic voice An introduction to the concept of embodied composition Interviews with composers and singers Summaries of various vocal styles A website with links to performances discussed as well as related workshops www.composingforvoice.com *Composing for Voice Exploring Voice Language and Music* Second Edition articulates possibilities for the practical exploration of language music and voice by composers singers and actors
