Comprehensive Asian fighting arts. China, Okinawa, Korea, Japan, India, Pakistan, Burma, Thailand, Malaysia, Indonesia, Philippines Donn F. Draeger, 1987 Asian Fighting Arts Donn F. Draeger, Robert W. Smith, 1974 **Draeger: Pioneering Leader in Asian Martial Traditions** Donn F. Draeger, 2016-07-24 Donn Draeger was the most influential martial artist scholar of the 20th century His more than twenty books and long list of accomplishments support this argument For this reason we are publishing this anthology of articles that focus on this outstanding person Although short in length this book is rich in content covering the inspiring life and contributions of a leading pioneer in the Asian martial traditions The author of the first chapter Robert W Smith was a close confidant of Draeger during his career With Draeger Smith co authored the classic Asian Fighting Arts later renamed as Comprehensive Asian Fighting Arts Smith was in a unique position to provide details about Draeger s character academic and martial skills Donn Draeger wrote two letters to Smith dated September 2 1969 and June 29 1981 that gave insight into Miyamoto Musashi Smith was writing a book review and asked Draeger for his opinion on the historical swordsman With the help of Joseph Svinth Smith merged and edited these letters This contains Draeger s response in his typically ebullient tone of correspondence with Smith Donn Draeger can easily be considered as the father of Asian martial arts research in the West since he conducted pioneering research in the field and was one of the highest ranking black belts in a number of Japanese combative arts As a scholar he became involved in a Japanese research society for martial arts and built upon it Author Hugh Davey writes on the founding and influence of the International Hopology Society Draeger founded Draeger shaped the lives of several generations of martial artists It was unknown to most that he had died in a Wisconsin hospital following medical treatments for natural sicknesses and perhaps for poisoning In the last chapter Dr Friman tells of his discovery of Donn Draeger s gravesite Finding his grave in 1998 brought proper respects from friends including Kaminoda Tsunemori master of jo and sword Scholars of combative traditions and martial arts practitioners especially those participating in the Japanese arts will benefit greatly by reading this short anthology Draeger s life is inspiring to both the scholar and practitioner **Comprehensive Asian Fighting Arts** Donn F. Smith,1981 Asian Fighting Arts Donn F. Draeger,Robert W. Smith,1969 Fighting arts are as old as man himself and as varied as his languages In Asia they developed to a degree of effectiveness probably unsurpassed elsewhere in the world This book explains the relationships between fighting arts assesses their strengths and weaknesses and presents new material about hitherto unknown fighting methods Written by two of the best known and most widely published authorities in the field it covers fighting methods and techniques found in eleven Asian countries fighting techniques that range from the artful Chinese tai chi and Burmese bando to Japanese jujutsu and the lethal pentjak silat of Indonesia Documentation of these has been supplemented with a wealth of fascinating anecdotes The reader learns of the daring exploits of the Japanese ninja of Gama perhaps the greatest of the great Indian wrestlers of the Indonesian trance fighters and hundreds of other tales that serve to illustrate some of the most deadly fighting systems that the world has known The volume is illustrated with over two hundred photographs and drawings many of them depicting combat styles and techniques that have never been seen in the West **Journal of Asian Martial Arts** ,2006 **Some Western Pioneers in Asian Martial Arts: An Anthology**

Michael DeMarco,2020-11-02 Pioneer as a noun is defined as a person who is among the first to explore or settle a new country or area As a verb it means develop or be the first to use or apply a new method area of knowledge or activity This anthology gives the reader the experience of the explorers who went to foreign lands to discover and learn about a specific field of knowledge and skills the Asian martial arts The eight chapters included here share a common root in the pioneers desire to travel far and wide in search for practical martial arts useful in the street as well as for commando units The pioneers discussed in this anthology experienced lives submerged in foreign cultures lives compounded by the difficulties of communicating in foreign languages changing diets and often being in hostile living conditions Their lives are far from the associations we usually associate with martial arts now steeped in pure exercise for health or tournament competitions Becoming familiar with of some of the Western pioneers of Asian martial arts bring us back to understand many of the original reasons for learning these combatives Their lives and experience show us how and why the more serious side of Asian fighting arts remain illusive for most who in practice need not confront the lethal aspects of these traditions
