Diccionario de astronomía Ian Ridpath,2004 **Concise Encyclopedia of Latin American Literature** Verity Smith,2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature those who read and studied in the English speaking world

Severo Sarduy and the Neo-baroque Image of Thought in the Visual Arts Rolando Perez,2012 Severo Sarduy never enjoyed the same level of notoriety as did other Latin American writers On the other hand he never lacked for excellent critical interpretations of his work from critics like Roberto Gonz lez Echevarra a Ren c Prieto Gustavo Guerrero and other reputable scholars Missing however from what is otherwise an impressive body of critical commentary is a study of the importance of painting and architecture first to his theory and second to his creative work In order to fill this lacuna in Sarduy studies Rolando P c rez s book undertakes a critical approach to Sarduy s essaysBarroco Escrito sobre un cuerpo Barroco y neobarroco and La simulaci 3n from the stand point of art history In short no book on Sarduy until now has traced the multifaceted art historical background that informed the work of this challenging and exciting writer It will be a book that many a critic of Sarduy and the Latin American baroque will consult in years to come
