

HOW TO BUDGET ON A LOW INCOME

01 Prioritize Expenses

Always pay necessities first, including food, housing, utilities and transportation. Pay no other expenses until these are taken care of.

02 Cut Costs

Temporarily cut out all non-necessities such as eating out, personal spending, vacation, recreation, etc. The goal is to get caught up and a plan in place.

03 Set a Budget

Break the paycheck to paycheck cycle by carefully and strategically making a written budget every month before the month begins. Plan every single dollar on paper.

04 Use Cash to Save

Research shows when we use cash we behave differently with money. Cash budgeting is especially helpful for budget categories you tend to overspend on.

On Low Income Organically Without Experience Budgeting On Low Income:

Budget Measures and Low-income Households Great Britain. Parliament. House of Commons. Treasury Committee, 2008

This report examines the impact of the abolition of the 10 pence rate of income tax considering separately the effects of initial implementation and the effects in the light of the changes to personal allowances announced on 13 May 2008. The losers from the measures as initially implemented were people whose taxable income was small and for whom the loss might be significant when required to manage a personal or household budget at a time of sharply rising prices for many essential goods and services. For the current tax year in the circumstances which the Chancellor of the Exchequer faced the option chosen on 13 May of increasing personal allowances but confining the benefits to basic rate taxpayers was probably the least bad option with the benefits of simplicity, transparency and greater incentives to work on the basis that fewer taxpayers face high marginal deduction rates. However, 2 billion of the 2.7 billion committed to that measure is not devoted to compensating losers from the removal of the starting rate of income tax and is not well targeted. The Government must learn lessons relating to budgetary processes. The Government should publish a Household Impact Assessment alongside future Budgets and Pre Budget Reports. There is a pressing need for the Government to compensate the remaining 1.1 million households who lose from the removal of the starting rate of income tax even after the 13 May changes. In the longer term reforms should be centred on the greater challenges faced by the Government in combating poverty. The Committee recommends the establishment of a Poverty Commission on a similar basis to the Pensions Commission to examine the public policy challenges relating to poverty.
