**Snapshots of Evolving Traditions** Liv Ingeborg Lied,Hugo Lundhaug,2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us

*Marriage by Capture in the Book of Judges* Katherine E.

Southwood,2017-03-24 In this book Katherine E Southwood offers a new approach to interpreting Judges 21 Breaking away from traditional interpretations of kingship feminism or comparisons with Greek or Roman mythology she explores the concepts of marriage ethnicity rape and power as means of ethnic preservation and exclusion She also exposes the many reasons why marriage by capture occurred during the post exilic period Judges 21 served as a warning against compromise submission to superficial unity between the Israelites and the Benjaminites Any such unity would result in drastic changes in the character culture and values of the ethnic group Israel The chapter encouraged post exilic audiences to socially construct those categorised as Benjaminites as foreigners who do not belong within the group thereby silencing doubts about the merits of unity

**Transformation (Snapshots)** David A. deSilva,2014-09-18 The gospel is often presented as little more than a get out of hell free pass But is that all there is to it What made it so compelling that the Apostle Paul would give up everything enduring hardships and deprivation to preach good news David deSilva argues that some Christians have unintentionally reduced the gospel to a message Paul would hardly recognize The gift of righteousness is far richer than many of us have dared to imagine In *Transformation The Heart of Paul's Gospel* deSilva examines the gospel message as presented in Paul's letters He demonstrates that Paul had nothing less than in mind than the means to transform and renew all of creation including ourselves Prepare to let Paul's message of change and renewal transform your own thinking

**The Publishers Weekly** ,1898 [International Journal of Religious Education](#) ,1927 **The Chester Beatty Biblical Papyri**

**at Ninety** Garrick Vernon Allen, Usama Ali Mohamed Gad, Kelsie Gayle Rodenbiker, Anthony Philip Royle, Jill Unkel, 2023-05-08 Despite the significant work carried out on the text transmission materiality and scribal habits preserved in the Chester Beatty Biblical Papyri since their acquisition by Beatty ninety years ago in 1931 these early copies of Jewish scripture and the New Testament have for the most part belonged primarily to textual critics The goal of this book is to resituate this important collection of manuscripts in broader contexts examining their significance in conversation with papyrology as a discipline in the context of other ancient literary traditions preserved on papyri and in discussion with the intellectual and cultural history of collecting colonialism and scholarly rhetoric The Chester Beatty Biblical Papyri and other papyrological collection with which they are inextricably bound remind us of the critical value of examining old manuscripts afresh in their historical scholarly and intellectual contexts These studies are relevant for all scholars who work with manuscripts and ancient texts of any variety
