Biblical Education A Bible Study Guide:

Biblical Education Herbert W. Byrne, 2004 The purpose of this work is to show what the Bible has to say about education The content covers the literary value of the Bible the Biblical history of education Biblical aspects of Psychology and Personality Development the Biblical Philosophy and Theology of life and education Biblical concepts of Organization and Administration and the Biblical bases of Teaching and Learning and Communication are outlined **Tarbell's Teacher's Guide to the International Bible Lessons for Christian Teaching of the Uniform Course** ,1914 *Bible Study Guide for Beginners* Brian Gugas, 2015-01-11 Throughout the ages people have turned to the Bible for guidance and hope This Bible study book serves as a road map for the beginner to develop an appreciation of the Bible and make it a part of their daily living All 66 books of the Bible are covered in detail including Author of each book and the time frame in which it was written Key themes for each book Summary of the message in each book A devotion for contemplation and further exploration Immerse yourself in the stories prophecies and messages of the Bible and discover anew the awe inspiring force mercy and healing power of God and Jesus Christ Graceful and inspiring Bible Study for Beginners brings the reader back to the basics and opens the way to a direct relationship with the living Word of God **The Elephant in the Room** Sadrail Saint-Ulysse PhD MDiv, 2022-04-12 I write this book to do something that most would consider unwise as a current employee of the Seventh day Adventist Church I call or appeal for systematic change change in policies that have kept the financial support from tithe and other sources to Adventist elementary and other sources to Adventist schools at minimal Please don't think of me as a brave one who dares to go where many have not gone before I am not I speak out because we need policy changes at every level Fairness is not giving everyone the same thing but to give each person what he or she needs to succeed Many businesses are rethinking how to move forward post the pandemic We too as a church need to do the same In the Old Testament God instructed his people to pass on their faith to their children by intentionally teaching them God's statutes and commandments Deuteronomy 6:4-8 and Isaiah 54:13 Similarly the Christian Church receives its marching orders from Jesus in the Great Commission found in Matthew 28:16-20 Jesus directs the church to make disciples of all nations by baptizing and teaching Church schools are needed to partner with parents and the church as a whole to educate children Ellen G White cofounder of the Seventh day Adventist Church who earlier encouraged the Seventh day Church to focus on foreign missions stated in addressing church schools in the book Testimonies for the Church volume 6 that the children are not to be neglected She writes We cannot call ourselves true missionaries if we neglect those at our very doors who are at the most critical age and who need our aid to secure knowledge and experience that will fit them for the service of God Her solution to financing church schools is simple Let all share the expense Enrollment in Christian elementary and secondary schools have been dropping nationwide Many families in North America especially new immigrant families are not able to afford the tuition to send their children to church schools Several church schools have closed In this book Dr Sadrail Saint Ulysse an

ordained minister and educator of the Seventh day Adventist Church addresses the challenges of operating Christian schools at the elementary and secondary levels after serving for nearly twenty five years as a pastor and educator with the hope that the burden of operating church schools can be shared by the entire church local state national and worldwide to alleviate this burden The book challenges parents teachers principals school boards church members and church leaders at every level to make the needed policy changes to ensure that church schools are financed in a sustainable manner
