Resources Israel. Consulate General. Chicago,1978 *Israel and the Middle East - Selected Bibliography - Information Briefing* Israel. Merkaz ha-hasbarah,1980 *The State of Israel, 1948-1968* Assia Neuberg, Centre for Public Libraries in Israel,1970 **Israel: a Bibliography** ,1970 A Bibliography of Israel Law in English and Other European Languages Judith Romney Wegner,1972 **Bibliography on the Palestinians in Israel and Related Issues** Arīj Šabbāgh-Khūrī,2005 Paperback Bibliography Israel. Miśrad ha-ḥuts. ha-Lishkah le-hasbarah,1973 A Bibliography for After Jews and Arabs Ammiel Alcalay,2021 Ammiel Alcalay s groundbreaking work *After Jews and Arabs* published in 1993 redrew the geographic political cultural and emotional map of relations between Jews and Arabs in the Levantine Mediterranean world over a thousand year period Based on over a decade of research and fieldwork in many disciplines including history and historiography anthropology ethnography and ethnomusicology political economy and geography linguistics philosophy and the history of science and technology the book presented a radically different perspective than that presented by received opinion Given the radical and iconoclastic nature of Alcalay s perspective *After Jews and Arabs* met great resistance in attempts to publish it Though completed and already circulating in 1989 it didn t appear until 1993 In addition when the book was published there wasn t enough space to include its original bibliography a foundational part of the project *A Bibliography for After Jews and Arabs* presents the original bibliography as completed in 1992 without changes as a glimpse into the historical record of a unique scholarly political poetic and cultural journey The bibliography itself had roots in research begun in the late 1970s and demonstrates a very wide arc In addition to the bibliography we include two accompanying texts here In *Behind the Scenes Before After Jews and Arabs* Alcalay takes us behind the closed doors of the academic process reprinting the original readers reports and his detailed rebuttals and in *On a Bibliography for After Jews and Arabs* Alcalay contextualizes his own path to the work he undertook in methodological historical and political terms

Israel Science Bibliography ,1954 **Jerusalem** Simon Sebag Montefiore,2011 Originally published London Weidenfeld Nicolson 2011 Selected and Annotated Bibliography on the State of Israel and the Zionist Movement American Zionist Emergency Council,1957 *The State of Israel* Assia Neuberg,1977 *A Bibliography of the Foundation*

of the State of Israel, Its War of Independence and Related Events Richard Muirhead,1991 **The Jewish Encyclopedia: a Descriptive Record of the History, Religion, Literature, and Customs of the Jewish People from the Earliest Times to the Present Day** ,1906 **The Social Structure of Israel** Hana Harlap,1971 **Israel's Laws and Legal Precedents** Charles Foster Kent,1907 **Discovery of Israel's Gas Fields and their Geopolitical Implications** Alan Craig,Clive Jones,2013-08-29

Lying some 150 kilometers from Israel's northern shoreline these fields combined are believed to hold gas reserves of 25 trillion cubic feet tcf of gas Together with smaller finds it is estimated that Israel will have enough gas to meet total gas domestic needs for power generation over the next three decades and still accrue at least 140 billion in export earnings from the surplus produced For a nation that for so long endured a total Arab oil embargo as well as a secondary boycott from multi national energy corporations unwilling to invest in exploration of Israel's coastal waters lest it damage investment and contracts in oil producing states across the Middle East these finds according to the Financial Times mean that Israel today stands on the cusp of an economic revolution fuelled by the vast riches below its waters However aside from this prospective boon to the Israeli economy this gas bonanza would also appear to be timely In the light of the Arab Spring and the emerging security vacuum in the Sinai Egyptian gas sales to Israel fixed at a subsidized rate by an agreement reached with the previous Mubarak regime in 2005 have now been terminated following a dozen sabotage attacks on the pipeline in the northern Sinai over a period of 18 months Such attacks are seen in Israel as a true measure of wider anti Israel sentiment across Egyptian society not least because the deal was negotiated by the Mubarak regime at a time when gas shortages continued to blight day to day life across Egypt Until supplies from the recent gas fields can be realized in the Israeli market the cost of energy for Israelis has continued to rise exponentially as power stations have been forced to revert to imported fuel oil heavy oil and diesel to meet immediate shortfalls Other distant problems some geopolitical others internal threaten to cloud the otherwise bright energy horizon Given the location of the Leviathan field in particular Lebanon has raised objections arguing its riches fall partially within its own declared Exclusive Economic Zone EEZ of the eastern Mediterranean
