Easystart: The Big Bag Mistake John Escott, 2019      The Big Bag Mistake John Escott, 2002 One of the most celebrated prolific and unorthodox architects and designers of the twentieth century Eero Saarinen has become a beacon of American modernism While famous for his sculptural and bold architecture such as the Gateway Arch in St Louis Missouri and the TWA Terminal at the John F Kennedy International Airport in New York Eero Saarinen Furniture for Everyman is the first monograph to focus exclusively on his furniture designs A self declared form giver his furniture like his architecture is characterized by its sleek and expressive forms Taken into production by the furniture company Knoll which was co owned by his friend Florence Knoll Saarinen s designs were trend setting and revolutionary As many of them continue to be produced today such as the well known and loved Womb chair and his Pedestal Collection they are ubiquitous Featuring rare and never before seen archival photographs that span Saarinen s technical work to his personal life a preface by Florence Knoll and a piece by designer and Saarinen prot g Niels Diffrient Eero Saarinen Furniture for Everyman is the authoritative and comprehensive guide to the furniture designs and legacy of the modern master Publisher s web site      *The Big Bag Mistake* John Escott,      *The Big Bag Mistake and Other Stories* ,2002      Listening Automaticity: A Reduction of Dual-Task Interference and Working Memory Demands Bartolo Bazan, 2024-10-24 SUMMARY This book explores the concept of automaticity in the context of second language listening focusing on how practice can lead to the ability to perform listening tasks with minimal cognitive effort The author argues that through practice lower level subcomponents of listening can be executed autonomously requiring less executive control and reducing dual task interference an indication of automaticity Despite the extensive research on automatization across various skills this book addresses a gap in the literature regarding second language listening from a cognitive psychology perspective It integrates theories from cognitive sciences such as attentional theories of skill acquisition working memory and imagery with linguistic concepts to create a comprehensive framework for investigating listening automaticity Key features of the study include an examination of what types of practice are most effective in fostering listening automaticity The book discusses innovative approaches to assessing listening automaticity including the use of combined tests to evaluate constructs accurately Additionally the research investigates whether practice leads to a decrease in the involvement of executive functions during listening tasks and explores the potential of visuospatial working memory as a predictor of listening automaticity Utilizing Rasch models the research offers validation for the cognitive and linguistic measures employed linking longitudinal data through common items to provide deeper insights into the automatization process The implications of this research extend to both theoretical understanding and practical applications in pedagogy making it relevant for educators researchers and students in cognitive psychology psycholinguistics and assessment Overall the book aims to contribute to the advancement of automaticity research particularly in the realm of second language acquisition      *Extensive Reading in the Second Language Classroom* Richard R.

Day, Julian Bamford, 1998-01-13 This comprehensive examination of extensive reading shows how reading large quantities of books and other materials can provide students with essential practice in learning to read and help them develop a positive attitude towards reading which is sometimes missed in second language classes The authors first examine the cognitive and affective nature of reading and then offer a wealth of practical advice for implementing extensive reading with second language learners Suggestions are provided for integrating extensive reading into the curriculum establishing a library selecting reading materials and keeping records for purposes of evaluation The text also describes a wide variety of classroom activities to supplement individualized silent reading The information will be useful both for pre service teachers and for teachers and administrators who want to improve the teaching of reading in their second language programs
