    Outhouses by Famous Architects Steve Schaecher,2000 Outhouses have been much ridiculed and maligned structures thought worthy of only the lowliest of humor and virtually ignored by architectural critics as inconsequential blips in the development of building design And yet as architect Steve Schaecher so poignantly reveals in this collection of renderings architects of genius from time immemorial have used their considerable talents to enhance the beauty and function of the outhouse His extensive research has uncovered a wealth of stunning outdoor bathroom designs that say much about the history of architecture Although Schaecher s friends and family have worried about his obsession with bathroom drawings it is clear that with the publication of this tome his seat in the annals of architectural history will never be put down Here are reproductions of stylish dare we say perfectionist renderings of Thronehenge Wright s Flushing Water the Odor Dame Cathedral the Taj Ma stall Jefferson s Johnicello Sullivan s Merchants First National Outhouse Le Corbusier s Bidet Savoye Fuller s Geodesic Throne the Hancock s John Building the Centre Pompidoodoo the unmistakable outhouse for that weird looking French museum and many others Each is accompanied by insightful historical and analytical text depending on your definitions of insightful and analytical The preface by architectural critic I P Daley will leave you in no doubt of the importance of this completely nonsensical book   Design Book Review ,1986   **Architect's Drawings A Selection of Sketches by World Famous Architects through History** ,2025-08-31 Architect s Drawings A Selection of Sketches by Architects Through History is a fascinating journey into the role of sketches in the design process From the Renaissance to contemporary practice this book explores how architects have used drawings not just as technical tools but as instruments of imagination inspiration and communication   Journal of the American Institute of Architects ,1913   **Journal of the American Institute of Architects** American Institute of Architects,1913   *Journal of the Society of Architects Including the Proceedings* ,1912   **The Architects' Journal** ,2000   **Architect and Engineer of California** ,1911   *Journal of the Royal Institute of British Architects* ,1929   The Western Architect ,1913   *The British Architect* ,1915   **The Architect and Contract Reporter** ,1915   **The Architect and Engineer of California, Pacific Coast States** ,1911
