CITTÀ D'EUROPA E CULTURA URBANISTICA NEL MEZZOGIORNO BORBONICO Raffaele Ruggiero,2018-11-05

English After centuries of submission to the foreign rulers between the eighteenth and the nineteenth century the South of Italy took a leading role in the European political landscape on one hand absorbing in its culture the huge heritage of values and knowledge of those civilizations on the other hand appealing to its own scientists intellectuals and technicians fervid minds to achieve relevant international goals in the field of the public and urbanistic works Kings such as Charles of Bourbon and Ferdinand II were the main promoters of this ransom and of the achieved primacies Rummaging through the iconographic documents passed on their desks nowadays rearranged in the Neapolitan National library Palatine collection and consulting the volumes of the Royal library it turns out a great turmoil of ideas and projects but also the confirmation of the large amount of potentialities unfortunately not completely expressed by the Neapolitan State it occurred it should be said not only as a consequence of the end of the kingdom but also as a result of the specific political responsibility of that dynasty Unfortunately Italy s unification didn t enhance the heritage of these experiences nor it rectified the structural inadequacies of the former regime on the contrary the new State often contributed to increase them stifling a socio economic promise of development still today unrealized Italiano Dopo secoli di sottomissione alle potenze straniere tra Sette e Ottocento il Mezzogiorno d Italia assunse un ruolo di grande prestigio nel panorama europeo da un lato introiettando nella propria cultura il cospicuo patrimonio di valori e conoscenze di quelle civiltà dall altro facendo leva sulle fervide menti dei propri scienziati intellettuali e tecnici per raggiungere traguardi di assoluto rilievo internazionale nel campo delle opere pubbliche e dell urbanistica Sovrani come Carlo di Borbone e Ferdinando II furono i principali promotori di questo riscatto e dei primati conseguiti Frugando tra i documenti iconografici transitati sulla loro scrivania oggi riordinati nella raccolta Palatina della Biblioteca Nazionale di Napoli e interrogando i volumi della Biblioteca Reale si scopre un ricco fermento di idee e di progettualità ma anche la conferma del ricco quadro delle potenzialità purtroppo non pienamente espresse dallo Stato napoletano ci va detto non soltanto a seguito della fine del Regno ma anche per le precise responsabilità politiche di quella dinastia Purtroppo con l Unità d Italia tale patrimonio di esperienze non fu valorizzato né corrette le deficienze strutturali del

passato regime anzi il nuovo Stato contribuì sovente ad amplificarle soffocando una promessa di sviluppo socio economico che resta ancor oggi inattuata **Epistolario: 1723-1746** Bernardo Tanucci,1980 **Nuova rivista storica** ,1923 Bibliografia italiana sulla guerra europea anno 1 p 373 380 *Epistolario: 1757-1758* Bernardo Tanucci,1980 Archivio storico italiano ,1936 Gli Archivi italiani ,1919
