Area Of Darkness:

An Area of Darkness V. S. Naipaul, 2010-10-20 The Nobel Prize winning author's profound reckoning with his ancestral homeland and an extraordinarily perceptive chronicle of his first encounter with India. Whatever his literary form Naipaul is a master. The New York Review of Books. Traveling from the bureaucratic morass of Bombay to the ethereal beauty of Kashmir from a sacred ice cave in the Himalayas to an abandoned temple near Madras Naipaul encounters a dizzying cross section of humanity: browbeaten government workers and imperious servants, a suavely self-serving holy man and a deluded American religious seeker. *An Area of Darkness* also abounds with Naipaul's strikingly original responses to India's paralyzing caste system, its apparently serene acceptance of poverty and squalor, and the conflict between its desire for self-determination and its nostalgia for the British raj. The result may be the most elegant and passionate book ever written about the subcontinent.

Cultural Imperialism and the Indo-English Novel Fawzia Afzal-Khan, 1993 *Cultural Imperialism and the Indo-English Novel* focuses on the novels of R. K. Narayan, Anita Desai, Kamala Markandaya, and Salman Rushdie and explores the tension in these novels between ideology and the generic fictive strategies that shape ideology or are shaped by it. Fawzia Afzal Khan raises the important question of how much the usage of certain ideological strategies actually helps the ex-colonized writer deal effectively with postcolonial and postindependence trauma and whether or not the choice of a particular genre or mode employed by a writer presupposes the extent to which that writer will be successful in challenging the ideological strategies of containment perpetuated by most Western orientalist texts and writers. She argues that the formal or generic choices of the four writers studied here reveal that they are using genre as an ideological strategy of liberation to help free their peoples and cultures from the hegemonic strategies of containment imposed upon them. She concludes that the works studied here constitute an ideological rebuttal of Western writers' denigrating containment of non-Western cultures. She also notes that self-criticism as implied in Rushdie's works is not to be confused with self-hatred, a theme found in Naipaul's work.

Secrets of Spiritual Growth and Maturity Dr. D. K. Olukoya, 2016-06-01 *Spiritual Growth and Maturity* addresses an uncommon topic. The author challenges the reader to get to the highway of spiritual growth. The secrets of growth are revealed, hindrances to growth are identified, while what it takes to keep growing is revealed. In this book, you will discover the keys to accelerated spiritual growth. You will also discover what it takes to become too hot for the enemy to harass. It is a must-read for end-time spiritual soldiers.
