## **Archetypes And Sacred Contracts:**

**Sacred Contracts** Caroline Myss,2013-09-04 Caroline Myss author of the New York Times bestsellers Anatomy of the Spirit and Why People Don't Heal and How They Can presents an exciting highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, Sacred Contracts is a brilliant synthesis of psychology, healing, guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose, our individual Sacred Contract, is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets Abraham, Jesus, the Buddha, and Muhammad, whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies or archetypes, the gatekeepers of your higher purpose, and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest, in fact, your divine potential. In this process, you learn how to see your life and the lives of others symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract, what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, Sacred Contracts is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

**Summary of Caroline Myss's Sacred Contracts** Everest Media,2022-08-19T22:59:00Z Please note This is a companion version, not the original book. Sample Book Insights: 1 I am a teacher and I love it. I feel connected to the nursing part of my father's directive because of the healing effects my work has had on many people. My education has been in journalism and theology, but my work in medical intuition simply happened. 2 I began to see images that had no apparent connection to the person I was reading. These images were helpful for every person, and one day in 1991, everything fell into place for me. I was listening to a conversation between two women, and they had immediately shared a life pattern that was noticeable in their heightened response to each other. 3 I began to work with the archetypes in my readings, and I began to see how they functioned within my own psyche. I learned that each of us has our own personal alignment of key archetypes. 4 The archetypal patterns work together to support your personal development. They can be particularly helpful in healing painful memories or redirecting your life or finding a way to express your untapped creative potential. **Caroline Myss'**
