Cruising (With) Class Stan Zimmerman,2007-02-26 Many beginning sailors soon yearn for a larger boat with a galley head and berths so they can extend their time on the water and range of action However the simple mechanics of sailing do not include the variety of arts necessary to cruise successfully Cruising with Class began as a series of lectures at the Sarasota Florida Sailing Squadron with the intention of teaching basic skills to beginning cruisers Comfort on the water is not a matter of soft cushions It comes from confidence in the ability to voyage safely Reading the weather planting the anchor calculating the tides navigating a coast avoiding fatigue choosing equipment coping with storms reacting to disasters these are the arts of a cruiser Although the book calls on the author s 25 years of cruising small sailboats it is not a travelogue Instead it is a precise iteration of lessons learned the hard way and presented in sailor to sailor fashion so others can avoid disaster and find comfort bred in confidence on the water ***Cruising World* ,1987-01** *Cruising World*
