The Music for "Victory at Sea" George Joseph Ferencz,2023

This long awaited study explores the creation of NBC TV's landmark 1952-53 WWII documentary series with particular attention to its evocative Rodgers Bennett score. Victory at Sea NBC TV's innovative 1952-53 WWII documentary was eventually broadcast to more than 100 million viewers worldwide. Its episodes chronicled the war's conflicts while highlighting the US Navy's contributions. NBC having sourced footage from the military governments and newsreel agencies of fourteen nations. Victory's special distinction was its music with each episode's nonstop score recorded by the acclaimed NBC Symphony Orchestra. The music was credited to Richard Rodgers then at the height of his fame as composer and Robert Russell Bennett as arranger and conductor. In fact Rodgers composed twelve piano themes. Bennett developed these endlessly for orchestra and in addition composed many hours of the score outright. Part One chronicles Victory's gestation and production at NBC, its reception, the series' afterlife in syndication and home video, and the score's Gold Record sales success on RCA records. Part Two examines each episode in turn, focusing on how the Bennett scored music pairs with screen action. Every transformation of the much used Rodgers themes is cited along with the episodes' musical interrelationships. The hundreds of musical examples generously sample the score's 111 2 hours of music. NBC's Victory has been neglected by Richard Rodgers's biographers and by film historians. As the series celebrates its 70th anniversary, the Rodgers Bennett score here finally receives recognition for its artistry and power.

**The Big Picture** John W. Lemza,2021-09-29 Capitalizing on thousands of feet of accumulated footage captured by combat camera crews during the early years of the Korean War, a small group of US Army officers conceptualized a film series that would widen viewers' understanding of the service and its mission. Their efforts produced the documentary television series that in late 1951 would become The Big Picture. Although it would take years to fully utilize the emerging technologies and develop the concept into a popularly recognized television series, The Big Picture did evolve into a vehicle whose intention was to help the army tell its story, sell its relevance in the emerging Cold War, and inform and educate its audience about American ideals. Its messages captured the early post-1945 zeitgeist and reflected a national mood that was anticommunist, steeped in foundational principles of American exceptionalism and trusting of elite leadership. John W. Lemza's The Big Picture argues that the show, like others produced for television during that time by the armed forces, served as a vehicle for directed propaganda, scripted to send important Cold War messages to both those in uniform and the American public. In this first systematic study of its production and reception history, as well as its themes and cultural impact, Lemza shows how the producers incorporated specific Cold War themes such as anticommunism into episodes and deployed television's small screen as the intersection of propaganda and policy during the Cold War period. John Lemza's study reveals that the longer The Big Picture maintained those themes, the more they began to lose their resonance, especially when the

cultural and social environment of the United States began changing in the mid 1960s The series producers chose to continue on a course that was set during the early Cold War years and the credibility of the show began to suffer Throughout the course of its two decade production run however The Big Picture cast a big shadow as the premier military program influencing viewing audiences through primetime television and syndication *European Entry into the Pacific* Dennis O.
