Crying In The Wilderness David Lipscomb:

Crying in the Wilderness Robert E. Hooper, 1979 *Crying in the Wilderness* Robert E. Hooper, 2011 **Reviving the Ancient Faith, 3rd ed.** Richard T. Hughes, James L. Gorman, 2024-01-11 A balanced well documented history of the Churches of Christ in America The Churches of Christ is a denomination defined by not being a denomination These communities intended to restore a primitive Christianity undivided by historical quarrels Despite this ideal the Churches of Christ in America have a surprisingly complex history dating back to the nineteenth century James L Gorman s fresh edition of Richard T Hughes s classic work *Reviving the Ancient Faith* illuminates the movement started by Barton Stone and Alexander Campbell The authors trace the movement s sociological transformation into a denomination from the 1830s into the twentieth century Four developments forged this new identity the premillennialist controversy the divide over institutions the racial segregation of congregations and schools and the fight over liberalism in the 1960s New to the third edition the final chapters bring the history of Churches of Christ from the 1960s up to 2022 analyzing the growing diversity of the movement amid intradenominational culture wars *Reviving the Ancient Faith* 3rd edition challenges readers to learn the historical basis of Church of Christ identity and beliefs Students of the history of the Church of Christ and American religion will derive from its pages a more holistic and informed understanding of the tradition **The Stone-Campbell Movement** Michael W. Casey, Douglas Allen Foster, 2002 The religious reform tradition known as the Stone Campbell movement came into being on the American frontier in the early decades of the nineteenth century Named for its two principal founders Barton W Stone and Alexander Campbell its purpose was twofold to restore the church to the practice and teaching of the New Testament and by this means to find a basis for reuniting all Christians Today there are three major branches of the Stone Campbell tradition the Christian Church Disciples of Christ Churches of Christ and Christian Churches Churches of Christ This volume brings together twenty six essays drawn from the significant scholarship on the Stone Campbell Movement that has flourished over the past twenty years Reprinted from diverse scholarly journals and concentrating on historiographic issues the essays consider such topics as the movement s origins its influence on the presidency its presence in Britain and its multicultural aspects In their introduction Casey and Foster reveal the connections between this scholarship and larger issues of American history religion and culture They note that David Edwin Harrell Jr and Richard T Hughes both of whom are represented in the collection have provided competing paradigms of the social and intellectual history of the movement While Harrell defends the legitimacy of the sectarian non institutional Churches of Christ Hughes legitimizes the current progressive movement found in Churches of Christ Casey and Foster propose six additional historiographic constructs as alternatives to those of Harrell and Hughes and assess each paradigm s implications for the scholarship of the movement The first major survey of research on the Stone Campbell movement in a quarter of a century this book will also serve as an invaluable resource for scholars of American religious movements in general The Editors

The Stone-Campbell Movement Leroy Garrett,2002

The Churches of Christ Richard T. Hughes,2001-05-30 This volume tells the story of the Churches of Christ one of three major denominations that emerged in the United States from a religious movement led by Alexander Campbell and Barton W Stone in the early 19th century Beginning as an effort to provide a basis on which all Christians in America could unite the leaders of the movement relied on the faith and practice of the primitive church Ironically this unity movement eventually divided precisely along the lines of its original agenda as the Churches of Christ rallied around the restorationist banner while the Disciples of Christ gathered around the ecumenical cause Yet having begun as a countercultural sect the Churches of Christ emerged in the 20th century as a culture affirming denomination This brief history together with biographical sketches of major leaders provides a complete overview of the denomination in America The book begins with a concise yet detailed history of the denomination s beginnings in the early 19th century Tracing the influence of such leaders as Stone and Campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century The biographical dictionary of leaders in the Churches of Christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a quick reference guide A detailed bibliographic essay concludes the book and points readers to further readings about the Churches of Christ

[The Fragmentation of the Church and Its Unity in Peacemaking](#) Jeffrey Gros,John D. Rempel,2001 The Gospel Places Peacemaking at the center of Christian identity Over the centuries however churches have divided over the role and place of the peacemaking imperative in their lives and teachings This volume offers deep ecumenical discussion of the relationship of the church to its peacemaking mission from the standpoints of history and the contemporary context Contributors representing ten major faith traditions Lois Y Barrett Alexander Brunett Murray W Dempster Donald F Durnbaugh John H Erickson Eric W Gritsch Jeffrey Gros Paul Meyendorff Lauree Hersch Meyer Thomas H Olbricht Thomas D Paxson Jr James F Puglisi John D Rempel Alan P F Sell and Glen H Stassen address this crucial topic from the perspective of their own churches and explore paths that could lead to the reconciliation of existing differences

Religion and American Culture , 1992 *A Godsend to His People*

Marshall Keeble, 2008 Marshall Keeble 1878-1968 stands as one of the Church of Christ's most influential and celebrated African American evangelists. His impact was felt throughout the South and well beyond as he helped establish over two hundred churches and baptized approximately forty thousand individuals during his nearly seventy years of ministry. His charismatic and dynamic speaking style earned him a devoted following. Despite his impact on the religious culture of the South, there has been scant information available about this extraordinary individual until now. With his new book *A Godsend to His People*, Edward J. Robinson brings to light over forty years of Keeble's writings. This collection shows the human side of Keeble, revealing his concern for the souls of his faithful followers and the pragmatic way in which he ran his ministry. The sermons and other writings give great insight into the struggles of a prominent African American trying to navigate his way through the challenges of conducting his ministry in the segregated world of the Jim Crow South. Robinson draws on a variety of sources in which Keeble was published, including the *Gospel Advocate* and the *Christian Echo*, as well as lectures Keeble gave to students at Abilene Christian College. Through these pages, the reader will learn more about this articulate, passionate, and intelligent man. *A Godsend to His People* is the first scholarly treatment of this evangelist and will appeal to those interested in the history of the Church of Christ and religious studies. Edward J. Robinson is assistant professor of history and biblical studies at Abilene Christian University. He is the editor of *To Lift Up My Race: The Essential Writings of Samuel Robert Cassius* and author of *To Save My Race from Abuse: The Life of Samuel Robert Cassius*.
