Crystal Mountain Veils:

Beyond the Veil Mary Ann Cormack,2020-12-07 Alice Nobel flat lines and is escorted to the afterlife She has been plucked away at her prime in order to attend an extraordinary summit intended to deal with the problems occurring in the third dimension As she glimpses what happens beyond the veil Alice is groomed for something important She witnesses firsthand the detailed operations in this life beyond life and in the process enhances her understanding of the ultimate reason for humankind s existence Following the summit the angels seek Alice s assistance in delivering the lessons of the summit on earth The fast paced life of the twenty first century has sewn the seeds for addictive behaviour Now more than ever humanity needs a spiritual compass to navigate its time here However free will makes change difficult Alice must choose whether to stay in the afterlife or return below to take up the challenge *The Gay Detective Novel* Judith A. Markowitz,2015-02-16 Gertrude Stein called it the only really modern novel form that has come into existence yet the mystery genre was a century old before it featured its first gay main character in a novel Since then gay and lesbian detective fiction has been one of the fastest growing segments of the genre It incorporates gay and lesbian cultural elements and offers crossover appeal Its authors call upon a century of development in the mystery genre while providing new more accurate images of lesbians and gay men than generally found in mainstream literature and popular media This groundbreaking study of gay and lesbian detective fiction examines mystery series and historically significant stand alone novels published since the early 1960s Part I is an overview that describes how these novels make gay and lesbian life visible and forge new powerful images It also examines how they fit into the larger history of mystery fiction The series analyses in Part II are grouped according to the type of main character police officer private investigator amateur sleuth etc Each section discusses main and secondary characters of that type characteristic themes for the group and more The analyses of individual series cover main characters themes plot points and other elements Comments from authors interviewed for this book play a central role in those analyses Part III lists series spanning themes e g homophobia the closet gay marriage and the novels and series that address each of those themes **Crystal Mountain Veils** Kieran York,2014-11-05 The second in the Royce Madison mystery series concerns the intrigue of a small Colorado murder As if finding out who really killed tabloid gossip monger Sandra Holt weren t challenging enough Timber County s acting sheriff Royce Madison also has to deal with a drifter stalking her girlfriend and an election opponent who s ready to fight dirty With the Family Morals Coalition pumping big bucks into her opponent s campaign and everybody in town anxious for her to make an arrest Royce has to dig deep As for the columnist s death everybody has a motive and almost everybody had an alibi Only another murder could make the case more complex

Sleuths in Skirts Frances A. DellaCava,Madeline H. Engel,2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding

the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality **Mystery Women, Volume Three (Revised)** Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of **Mystery Women** as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **Bee Keeper Fred Anderson, Or The Mystery of Crystal Mountain** John H.
