Cuba The International Dimension:

Cuba Georges Alfred Fauriol, Eva Loser, 1990-01-01 Fidel Castro's revolution and its foreign policy extensions have been the source of much U.S. Latin American policy frustration during the last 30 years. Not only the ideological tensions but the almost global sweep of Cuba's national pretensions have consumed U.S. resources and political capital and thrust a small island nation to the forefront of global intrigue and crisis. But as this volume shows, there are signs that Cuba's internationalism is now at a crossroads. Fauriol and Loser have gathered together a distinguished group of specialists on Cuba to review principal aspects of Cuba's international relations. Among the new dimensions discussed are shifts in Cuba's African policy, the residual political impact of Grenada, developments in Central America, the aftermath of the Ochoa narcotics episode, and perhaps most significantly, the degree of tension between Cuba and both Moscow and Washington, and leadership succession beyond Castro. A primary issue for Cuba, the authors show, will be its isolation within the Soviet bloc and its refusal to address Gorbachev's challenges to the status quo. At the very least, Cuba risks becoming an irrelevant anachronism amidst the groundswell of change in the communist world. These and other issues are addressed in a major review of Cuba's position in the world 30 years after its revolution. **Cuba The International Dimension** will be of interest to researchers and policy makers concerned with Latin America and the Caribbean, as well as those interested in changes in the Third World and communist countries worldwide. Contributors include Jiri Valenta, Jaime Suchlicki, William Ratliff, Ernest Evans, Juan Benemelis, Gillian Gunn, Scott MacDonald, Michael J. Mazaar, Constantine Menges, Jorge F. Perez Lopez, Jorge Sanguinetti, Paula J. Pettavino, and Juan M. del Aguila. **Cuba** Georges A. Fauriol, Eva Loser, 1990 **The International Dimensions of Internal Conflict** Michael Edward Brown, 1996 Internal conflicts threaten many countries and regions globally. The first part of this book examines the sources of internal conflicts and the ways these may affect neighbouring states and the international community. The second part covers specific problems, policy instruments, and key actors. **Cuba and the Caribbean** Joseph S. Tulchin, Andrés Serbín, Rafael Hernández Rodríguez, 1997 Focuses on trends in the international and regional affairs of the Caribbean nations in the 1990s, with special attention given to the reintegration of Cuba into the hemispheric community. This volume contains 13 essays that were presented at a multinational workshop involving scholars from Cuba, Venezuela, the United States, and other countries. **Cuba's International Relations** H. Michael Erisman, 2019-04-02 From its inception, Fidel Castro's revolution has exerted an impact on the international scene far out of proportion to Cuba's modest size and limited resources. This phenomenon became more pronounced in the mid-1970s as Havana's foreign policies took on truly global parameters that involved the dispatch of large combat forces to Angola and Ethiopia, the initiation of ambitious military and developmental aid programs for Third World nations, and the assumption of leadership of the Nonaligned Movement. Today, Cuba remains a significant actor on the world scene, giving top priority to Caribbean and Central American affairs. Critics, especially in the United States, have insisted that Cuban globalism is not a

nationalist expression that Cuba is but a surrogate for the Soviet Union Such charges however ignore or seriously underestimate the role that nationalism has always played in the Cuban Revolution This book explores the nature and development of Castro s foreign relations in general and Cuban globalism in particular with primary attention devoted to nationalism s influence on Havana s policies toward the United States the Soviet Union and especially the developing mostly nonaligned African Asian and Latin countries of the Third World To give the reader an in depth Cuban perspective on crucial international issues excerpts from Castro s major speeches and press interviews are included Erisman concludes that the nationalistic dimension of Havana s foreign policies has definitely not been fully appreciated and this omission obscures the complexity and true essence of Cuban globalism [Back from the Future](#) Susan Eckstein,2003 Table of contents **The International Dimensions of Human Rights [2 Volumes]** Karel Vasak,Unesco,1982-12-28 Annex II Figures **Cuba** Rex A.
