**Cultural Erotics in Cuban America** Ricardo L. Ortíz, 2006 Miami is widely considered the center of Cuban American culture. However, vital to the diasporic communities' identity, Miami is not the only or necessarily the most profound site of cultural production. Looking beyond South Florida, Ricardo L. Ortíz addresses the question of Cuban American diaspora and cultural identity by exploring the histories and self-sustaining practices of smaller communities in such U.S. cities as Los Angeles, Chicago, and New York. In this wide-ranging work, Ortíz argues for the authentically diasporic quality of postrevolutionary off-island Cuban experience. Highlighting various forms of cultural expression, *Cultural Erotics in Cuban America* traces underrepresented communities' responses to the threat of cultural disappearance in an overwhelming and hegemonic U.S. culture. Ortíz shows how the work of Cuban American writers and artists challenges the heteronormativity of both home and host culture. Focusing on artists who have had an ambivalent, indirect, or nonexistent connection to Miami, he presents close readings of such novelists as Reinaldo Arenas, Roberto G. Fernández Achy Obejas, and Cristina García; the playwright Eduardo Machado; the poet Rafael Campo; and musical performers Albita Rodríguez and Celia Cruz. Ortíz charts the legacies of sexism and homophobia in patriarchal Cuban culture, as well as their influence on Cuban revolutionary and Cuban exile ideologies. Moving beyond the outdated cultural terms of the Cold War, he looks forward to envision queer futures for Cuban American culture, free from the ties to restrictive, indeed oppressive, constructions of nation, place, language, and desire. Ricardo L. Ortíz is an associate professor of English at Georgetown University. [Cuban Studies](#) 33 Lisandro Pérez, Uva De Aragon, 2003-02-01 *Cuban Studies* has been published annually by the University of Pittsburgh Press since 1985. Founded in 1970, it is the preeminent journal for scholarly work on Cuba. [Leaving Latinos Out of History](#) Julio Noboa, 2021-05-30 Despite being the state with perhaps the longest history of Latino presence, power, and influence, Texas has very much underrepresented Latinos in its schools' history curriculum. Through an analysis of teaching materials and curriculum goals, Noboa investigates the extent to which this significant minority is effectively excluded from American historical narrative. **American Book Publishing Record**, 2002 **Críticas**, 2001 **The International Migration Review**, 2004 Quarterly journal on sociodemographic, economic, historical, political, and legislative aspects of human migration and refugee movements. Each issue of IMR presents original articles, research, and documentation notes, reports on key legislative developments, both national and international, an extensive bibliography, and an abstracting service. The International Sociological Association's International Newsletter on Migration, plus a scholarly review of new books in the field. IMR also offers annual special issues. Planned by the Editorial Board in conjunction with guest editors, each of these issues provides an extensive and comprehensive analysis of a single topic of emerging relevance in migration studies.
