Invento, luego resisto Elzbieta Sklodowska, 2016 El vértice del presente libro es el arte de inventar en la vida cotidiana y en la producción cultural en Cuba durante y después del Período Especial en Tiempos de Paz 1990 2015 Aunque el término Período Especial fuera una coartada retórica del gobierno para enmascarar la crisis su significado en la experiencia memoria y conciencia tanto individual como colectiva adquiere proporciones épicas de una demarcación epocal La extraordinaria creatividad de los cubanos para resolver las carencias cotidianas con humor e ingenio ocupa una gran parte de las páginas que siguen Por otro lado la autora se detiene en las novedosas y originales invenciones de carácter literario y artístico que usan la precariedad de recursos como un estímulo para la imaginación Dentro del corpus primario de este libro textos clasificables como literarios cuentos novelas poemas obras teatrales coexisten con testimonios filmes documentales manuales de autoayuda actos de performance y artefactos de cultura material Al recoger tanto el capital simbólico de la crisis como la elusiva materialidad de los 1990 Elzbieta Sklodowska recopila un archivo que más allá de su función documental es un homenaje al espíritu de un pueblo que inventa y se reinventa para existir y resistir

Cuban Currency Esther Kathryn Whitfield, 2008-01-01 With the collapse of the Soviet Union in the 1990s during an economic crisis termed its special period in times of peace Cuba began to court the capitalist world for the first time since its 1959 revolution With the US dollar instated as domestic currency the island seemed suddenly accessible to foreign consumers and their interest in its culture boomed Cuban Currency is the first book to address the effects on Cuban literature of the country's spectacular opening to foreign markets that marked the end of the twentieth century Based on interviews and archival research in Havana Esther Whitfield argues that writers have both

challenged and profited from new transnational markets for their work with far reaching literary and ideological implications Whitfield examines money and cross cultural economic relations as they are inscribed in Cuban fiction Exploring the work of Zo Valds Pedro Juan Gutierrez Antonio Jos Ponte and others she draws out writers engagements with the troublesome commodification of Cuban identity Confronting the tourist and publishing industries roles in the transformation of the Cuban revolution into commercial capital Whitfield identifies a body of fiction peculiarly attuned to the material and political challenges of the special period Esther Whitfield is assistant professor of comparative literature at Brown University
