## **Crucifax Autumn:**

Crucifax Autumn Ray Garton,1988-01-01      Crucifax Ray Garton,Bob Eggleton,2022-08-15 Something has come to the San Fernando Valley something horrible But this horror is not confined to only the dark hours It walks in daylight with impunity grinning smirking This horror can not be stopped with a crucifix it wears one a very unusual one It has no heart so a wooden stake is useless It has many names many faces has always been and will never die It was born of evil and is nurtured by ignorance It can enter your life at any time if it hasn't already In its wake it leaves only death and despair It soils everything it touches This horror is very very real      **A Checklist of Some New Science Fiction Writers** C. Kies,1992 Horror an increasingly popular subject for books television and movies is especially appealing to teenagers who are enthusiastic fans of ghouls and gore The appeal of horror literature to young adults cannot be denied or ignored and in *Presenting Young Adult Horror Fiction* the first genre study in the Twayne Young Adult Authors Series Cosette Kies concentrates on teenage interest in the field Dr Kies reminds us that the supernatural has a long literary

tradition including such works as Emily Bronte's *Wuthering Heights*, Henry James's *The Turn of the Screw* and Edgar Allan Poe's short stories. Against this literary background Dr Kies takes a witty and perceptive look at contemporary manifestations of horror fiction highlighting those authors that teenagers particularly enjoy. Writers such as V C Andrews, Dean Koontz, John Saul, Anne Rice, Chelsea Quinn Yarbro, Robert Bloch, Robert MacCammon and of course Stephen King are examined in depth. Each chapter includes an introduction that touches on historical antecedents, a chronology of biographical highlights and major works for the subject author and a long quote that allows the writer's individual voice to shed light on his or her literary philosophy. Dr Kies analyzes theme, plot and character for the major works with perception and skill. Separate chapters explore the appeal of Satanism for young adults in novels such as *The Exorcist* and *Rosemary's Baby* and there is an irreverent look at a recent development in horror writing, splatterpunk. Presenting Young Adult Horror Fiction is a welcome addition for all those interested in horror literature and will also provide much needed information for librarians, teachers and parents who want to understand why young adults love horror literature.

**Genreflecting** Betty Rosenberg, Diana Tixier Herald, 1991. Expanded and updated to provide information on the newest popular fiction, this guide to genre fiction covers westerns, thrillers, science fiction, fantasy, supernatural horror fiction and romance. It defines the various genres, analyses their characteristics, grouping authors according to type or subject content and provides a selective annotated bibliography of the history and criticism of each genre. New authors are profiled in this edition and a number of new subgenres including the ice age epic and techno thriller are outlined.

**Supernatural Fiction Writers** Richard Bleiler, 2003. The Scribner Writers Series has set the standard for literary reference for more than 25 years. In addition to addressing the lives and careers of important writers, the articles discuss the themes and a style of major works and place them in pertinent historical, social and political concerns for today's readers. Novelists, playwrights, essayists, poets, short story writers and more recently genre writers in science fiction and mystery are all expertly discussed in the more than 17 sets comprising this series. To see listings of writers for any volume in this section, go to the Scribner Writers Series section online at [www.gale.com/scribners](http://www.gale.com/scribners). J. K. Rowling, Peter Straub, Anne McCaffrey, these are among the many widely read authors in fantasy and horror genres covered in this addition to Scribner's 1985 two volume set. Essays written by scholars yet accessible to the general reader and student treat both writers who have risen to prominence since the 1985 edition and those whose careers have continued since original coverage such as Stephen King, Ursula K. LeGuin and Harlan Ellison. The index cumulates the index from the first two volumes.
