

The book cover features a composite background. The top half shows a close-up of a man's face, likely the protagonist, with a serious expression. The bottom half shows a sunset over a tropical landscape with palm trees and a large stone temple structure, possibly Angkor Wat, reflected in water. The text is overlaid on this background.

A THRILLER

Cry Havoc

William Shakespeare

Cry Havoc:

Cry Havoc Jack Carr, 2015-10-07 Easily Jack Carr's most ambitious and best realized book yet a scintillatingly seminal tale with echoes of Le Carré, Forsyth, and Ludlum. BookTrib From the hottest author on the thriller scene today *The Real Book Spy* 1 New York Times bestselling author Jack Carr brings the worlds of special operations and CIA paramilitary units into direct collision in the jungles of Vietnam with his explosive new thriller introducing young Navy SEAL Tom Reece a man torn between the blurred lines and allegiances of the military and the increasingly murky world of intelligence This is how it all began 1968 A time of division A time of civil unrest A time of war Just before the Tet Offensive before President Johnson announces he will not run for reelection before the assassinations of Martin Luther King Jr and Bobby Kennedy as riots and protests rage across the nation a spy ship is captured by communist forces off the coast of North Korea The crew thought they had destroyed everything of intelligence value They were wrong As a KGB illegal elicits information from a high ranking NSA official and teams of special operators infiltrating into Laos Cambodia and North Vietnam disappear without a trace an ambitious Soviet advisor launches an ingenious plan that could forever alter the world balance of power Tom Reece a SEAL operator attached to the highly classified and shadowy MACV SOG is about to be thrust into a bloody battle to discover the truth From the Kremlin to the White House from the streets of Saigon to the rugged A Shau Valley along the paths of Ho Chi Minh Trail and into the secret war in Laos Navy SEAL Tom Reece has an official mission assigned by Military Assistance Command Vietnam Studies and Observations Group but it's his unofficial mission that might get him killed From master novelist Ballistic Jack Carr comes a fast paced and brutally realistic thriller one that will make you question all you thought you knew about Vietnam pressing emotional buttons that other writers wouldn't dare explore *The Real Book Spy* [The First Soldier](#) Stephen G. Fritz, 2018-11-13 An expert account of Nazi war strategy that concludes that Hitler was not without military talent Kirkus Reviews After Germany's humiliating World War II defeat numerous German generals published memoirs claiming that their country's brilliant military leadership had been undermined by the Führer's erratic decision making The author of three highly acclaimed books on the era Stephen Fritz upends this characterization of Hitler as an ill informed fantasist and demonstrates the ways in which his strategy was coherent and even competent That Hitler saw World War II as the only way to retrieve Germany's fortunes and build an expansionist Thousand Year Reich is uncontroversial But while his generals did sometimes object to Hitler's tactics and operational direction they often made the same errors in judgment and were in agreement regarding larger strategic and political goals A necessary volume for understanding the influence of World War I on Hitler's thinking this work is also an eye opening reappraisal of major events like the invasion of Russia and the battle for Normandy Perhaps the best account we have to date of Hitler's military leadership It shows a scrupulous and imaginative historian at work and will cement Fritz's reputation as one of the leading historians of the military conflicts generated by Hitler's Germany Richard Overy author of *The Bombing War* Original insightful and
