The Crystal Arborillian Royce I. Ravel, 2001-11-07 **Crystal Arborillian** Royce I Ravel, 2001-12-01 **The Crystal Woods of Other Worlds** Royce I. Ravel, 2002-06

The *Crystal Woods of Other Worlds* being the second volume of the trilogy *The Arborillian Legends* follows Oliver's early years as he develops his power and learns more about his destiny. The amusing charm of his natural life is changed as he journeys into the dangerous, sometimes tragic but always incredible world of the Arborillians. The author Royce I Ravel is a doctor of medicine, a distinguished scientist, and the author of landmark papers at the cutting edge of medical science. Some years ago, in the course of his work, he encountered Oliver, a young man who presented with a condition seemingly appropriate for his particular specialist skills. What he discovered during the months and years of interviews and scientific investigations was to move him, amaze him, and cause him to rethink many of his preconceptions about humanity and science. As is so often the case in science, new ideas and discoveries are fought against and suppressed by the establishment who have built their careers and reputations on principles which would be threatened. As a result, Dr Ravel has resorted to an unconventional approach to publish and make known his extraordinary discoveries. With permission from the young man in question, he now writes an account of the nature of the Crystal Arborillians in the hope that increasing awareness of these rare sorcerers will help them to find their place in the modern world and encourage young, open-minded scientists and all of mankind to find ways to take advantage of the great power they have to offer.

Fields and Flowers to Caverns and Crystal Royce I. Ravel, 2002-08-01

Fields and Flowers To Caverns and Crystal is the third and final volume of the trilogy of *The Arborillian Legends* and follows the continuing development of Oliver, an English farmer's son, into a fully fledged Crystal Arborillian, one of the most powerful and elusive types of sorcerer ever known. He finds his once great and powerful ancestor who teaches him new skills and prepares him for his greatest challenges yet. The power comes at a price, and he finds that the more powerful he becomes, the more he changes into something beyond human. He joins forces with the great Queen Elysian of the Amazon and all the crystal forests of the world to fight incredible natural and unnatural forces that threaten the very existence of our world. Old scores are settled and torn between two worlds, he finally realises his destiny.
