Cuba 25 Years Of Revolution 1959 1984:

Cuba Sandor Halebsky,1985-04-15 On January 1 1984 Cuba celebrated the 25th anniversary of its revolution As the first socialist revolution both in Latin America and in the Western hemisphere its progress over the years has been closely observed by diverse parties as well as by scholars and academics In this volume a number of well known scholars in the field offer an assessment of Cuba s achievements lessons problems and innovative solutions over this period These essays present a comprehensive view of Cuba covering social reform cultural change the economy the political process and foreign policy

Patriots and Traitors in Revolutionary Cuba, 1961-1981 Lillian Guerra,2023-01-17 Authorities in postrevolutionary Cuba worked to establish a binary society in which citizens were either patriots or traitors This all or nothing approach reflected in the familiar slogan patria o muerte fatherland or death has recently been challenged in protests that have adopted the theme song patria y vida fatherland and life a collaboration by exiles that predictably has been banned in Cuba itself Lillian Guerra excavates the rise of a Soviet advised Communist culture controlled by state institutions and the creation of a multidimensional system of state security whose functions embedded themselves into daily activities and individual consciousness and reinforced these binaries But despite public performance of patriotism the life experience of many Cubans was somewhere in between Guerra explores these in between spaces and looks at Cuban citizens complicity with authoritarianism leaders exploitation of an earnest anti imperialist nationalism and the duality of an existence that contains elements of both support and betrayal of a nation and of an ideology

Soviet-Cuban Relations, 1985 to 1991 Mervyn J. Bain,2007-01-01 Soviet Cuban Relations 1985 to 1991 is a comprehensive and critical resource for the study of Soviet foreign policy It analyzes the dynamic relationship between the Soviet Union and Cuba during the Gorbachev era Mikhail S Gorbachev served as the General Secretary of the Communist Party of the Soviet Union between March 1985 and August 1991 leading to significant changes in the Soviet s domestic and international relations Mervyn J Bain analyzes the politics and policies of the Soviet Union s glasnost and perestroika programs Cuba s response to these programs and the subsequent interactions between the two countries Bain updates and contextualizes existing research on Soviet Cuban relations to reinforce the importance of this critical period and its continuing influence on today s world Soviet Cuban Relations 1985 to 1991 is important reading for scholars interested in the complexities of socialist politics and international relations *IJER Vol 7-N4* International Journal of Educational Reform,1998-10-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction

law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world Cuban Studies 16 Carmelo Mesa-Lago,1986-12-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field From Confrontation to Negotiation Philip Brenner,2019-04-09 Nearly thirty years have passed since the United States first attempted to overthrow the fledgling Castro government Despite enormous changes in the hemisphere significant developments in the nature of Cuba s international relations and an end to the cold war consensus in the United States that quietly sanctioned interference in and obstruction of Third World politics U S policy toward Cuba has changed very little It still embodies the failed dream of isolating Cuba and destroying the Cuban revolution In From Confrontation to Negotiation U S Relations with Cuba Philip Brenner provides a thoughtful overview of U S Cuban relations since 1898 with an emphasis on the past ten years Assumptions goals and continuities in U S policy are highlighted He then offers a clear picture of the issues that divide the two countries and around which any discussions for a normalization of relations would likely turn Could discussions occur Is a call for a less hostile relationship between the United States and Cuba politically feasible What are the chances that Cuba and the United States can actually work out an accommodation Dr Brenner analyzes the domestic political factors in each country that shape policy and that might present possibilities for serious discussion He then proposes a workable alternative Cuban policy for the United States that takes into account the fundamental concerns of both countries The policy proposal is related to the framework adopted by Policy Alternatives for the Caribbean and Central America PACCA **Regional Guide to International Conflict and Management from 1945 to 2003** Jacob Bercovitch,Judith Fretter,2004-11-23 Regional Guide to International Conflict Management from 1945 to 2003 provides global regional and specific information on the over 350 international conflicts that have occurred since World War II At the heart of the book are comprehensive regional sections each of which includes An essay providing regional context and highlighting the interrelation of countries and conflict in that area Summaries of each conflict in the region arranged chronologically and covering history circumstances players management and outcome References for further research Introductory chapters examine global patterns and trends in international conflict and how conflict is managed including ethnic conflict and the expanded role of the United Nations

Fat cigars big cars dirty money vibrant music intellectual ferment Havana since its creation in 1535 has long offered a unique bewildering mix of the backward and the hip the seedy and the sophisticated In many respects it shares the characteristics of other colonial or post colonial cities of the Caribbean and Latin America But at the same time Havana created its own niche both as an international city and a dynamic national capital Despite Cuba s fluctuating fortunes Havana has always managed to thrive and develop its own unique character as an urban social economic cultural and political site Havana offers a sweeping account of the city and its cultural development focusing especially on the last two centuries and on the role played by the city s cultural communities in the search for national identity The author introduces us to a marginal city with roots in the sixteenth century taking us through the periods when it was a sugar boomtown pulled between empires a decadent metropolis a site of both cultural revolution and relative stagnation during the development of the Revolution to its revival in the 1990s He looks at the often creative tensions between external influences especially Spain France and the United States and indigenous cultural pressures Areas covered include architecture literature music dance cinema and the press Cosmopolitan playground and nationalist vanguard Havana has developed its own style while at the same time both reflecting and directing the complicated politics of the whole of Cuba This book offers a concise introduction to one of the most intriguing cities of the twenty first century *The 1980 Cuban Boatlift* Alex Larzelere,1988 *British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain* ,1985
