Cuba Continuity And Change:

Cuba Jaime Suchlicki, Cuban Studies Conference, 1985-06-01 Cuba Jaime Suchlicki, Antonio Jorge, Damián J. Fernández, 1985 **Cuba on the Verge** Leila Guerriero, 2017-12-05 Spanning politics and art music and baseball Cuba on the Verge is a timely look at a society's profound transformation from inside and out Change looms in Cuba Just ninety miles from United States shores yet inaccessible to most Americans until recently Cuba fascinates as much as it confounds Images of the Buena Vista Social Club wild nights at the Tropicana classic cars and bearded rebels clinching cigars only scrape the surface of Cuba's complex history and legacy As the US and Cuba move toward the normalization of diplomatic relations after an epic fifty six year standoff we find ourselves face to face with one of the few places in the world that has been off limits to most Americans We know that Cuba is changing but from what and into what And what does this change mean for the Cuban people as well as for the rest of the world Standing on both sides of the divide twelve of our most celebrated writers investigate this period of momentous transition in Cuba on the Verge These essays span the spectrum from Carlos Manuel Ivaréz's story of being among the last generation of Cubans to be raised under Fidel Castro to Patricia Engel's look at how Cuba's capital has changed through her years of riding across it with her taxi driver friend from The New Yorker's Jon Lee Anderson who traveled with President Obama on the first trip to Cuba by an American president since the twenties on being a foreigner in Cuba during the Special Period to Francisco Goldman on the Tropicana then and now to Leonardo Padura on the religion that is Cuban baseball Cuba on the Verge is the definitive account of and a unique glimpse at a moment of upheaval and reinvention whose effects promise to reverberate across years and nations Crosscurrents Stephen Anthony Lisio, 1996 **A Contemporary Cuba Reader** Philip Brenner, Marguerite Rose Jiménez, John M. Kirk, William M. LeoGrande, 2014-07-07 Cuba has undergone dramatic changes since the collapse of European communism The loss of economic aid and preferential trade with the Soviet Union and other Eastern bloc countries forced the Cuban government to search out new ways of organizing the domestic economy and new commercial relations in an international system dominated by market economies The resulting economic reforms have reverberated through Cuban society and politics recreating social inequalities unknown since the 1950s and confronting the political system with unprecedented new challenges The resulting ferment is increasingly evident in Cuban cultural expression and the responses to adversity and scarcity have reshaped Cuban social relations This completely revised and updated edition focuses on Cuba since Raúl Castro took over the country's leadership in 2006 A Contemporary Cuba Reader brings together the best recent scholarship and writing on Cuban politics economics foreign relations society and culture in present day Cuba Ideally suited for students and general readers seeking to understand this still contentious and controversial island the book includes a substantive introduction setting the historical context as well as part introductions and a chronology Supplementary resources for students and professors are available here Contributions by Carlos Alzugaray Treto Denise Blum Philip Brenner Michael J

Cuba's Foreign Policy In The Middle East Damian J Fernandez,2021-11-18 In spite of the growing academic interest in Cuba s international relations in the revolutionary period Cuba s policy toward the Middle East has been a neglected field of study Although the Middle East has not been a high priority item on Fidel Castro s agenda various factors have combined to propel the regime into taking a more active stance in the region not least of which is the importance of the Middle East to the Soviet Union Some of these factors have been ideological such as the nature of Castroism itself Other factors have been more pragmatic the need to increase Cuba s leverage with the Soviet Union the desire to establish spheres of interest of its own in the Third World the attempt to use external politics to soothe internal problems and the wish to maximize the prestige of the Cuban revolution and by extension that of its lider maximo Since 1959 Havana s Middle Eastern policy has experienced four stages 1 1959 1973 Autonomous foreign policy marked by a dual relationship with both Israel and the Arab states 2 1973 1977 Accommodation to the Soviet line anti Israeli policy combined with an expansion of relations with progressive states signalled by the establishment of Cuban military missions 3 1977 1980 Activist policy in the region expanded role and development of diplomatic relationships 4 1981 to the present 1985 Cautious involvement restrained activism emphasizing socio economic cooperation Cuba s incursion into the Arab world illuminates how Cuban foreign policy works especially in relation to autonomy convergence and subordination dependence pragmatism and ideology The island s entrance into Middle East politics has introduced new risks into the island s foreign policy in return for the benefits which have been derived A theory to explain Cuba s foreign policy in its interaction with the Soviet Union in the Third World must include heretofore neglected variables time regime type and factionalism bureaucratic politics in addition to external events The study of Cuba s initiatives in the Middle East will serve to test this theory

Indigenous Passages to Cuba, 1515-1900 Jason M. Yaremko,2020-10-20 Portrays the vitality and dynamism of indigenous actors in what is arguably one of the most foundational and central zones in the making of modern world history the Caribbean Maximilian C Forte author of Ruins of Absence Presence of Caribs Brings together

historical analysis and the compelling stories of individuals and families that labored in the island economies of the Caribbean Cynthia Radding coeditor of *Borderlands in World History 1700-1914* During the colonial period thousands of North American native peoples traveled to Cuba independently as traders diplomats missionary candidates immigrants or refugees others were forcibly transported as captives slaves indentured laborers or prisoners of war Over the half millennium after Spanish contact Cuba also served as the principal destination and residence of peoples as diverse as the Yucatec Mayas of Mexico the Calusa Timucua Creek and Seminole peoples of Florida and the Apache and Puebloan cultures of the northern provinces of New Spain Many settled in pueblos or villages in Cuba that endured and evolved into the nineteenth century as urban centers later populated by indigenous and immigrant Amerindian descendants and even their mestizo or mixed blood progeny In this first comprehensive history of the Amerindian diaspora in Cuba Jason Yaremko presents the dynamics of indigenous movements and migrations from several regions of North America from the sixteenth through nineteenth centuries In addition to detailing the various motives influencing aboriginal migratory processes Yaremko uses these case studies to argue that Amerindians whether voluntary or involuntary migrants become diasporic through common experiences of dispossession displacement and alienation within Cuban colonial society Yet far from being merely passive victims acted upon he argues that indigenous peoples were cognizant agents still capable of exercising power and influence to act in the interests of their communities His narrative of their multifaceted and dynamic experiences of survival adaptation resistance and negotiation within Cuban colonial society adds deeply to the history of transculturation in Cuba and to our understanding of indigenous peoples migration and diaspora in the wider Caribbean world

[The Routledge Handbook of Diplomacy and Statecraft](#) B.J.C. McKercher, 2022-01-30 Reflecting the profound changes in international society in the past decade and the challenges that all Powers diplomacy and statecraft face whether opposing or encouraging these changes this fully revised and updated edition provides a unique multifaceted assessment by experts of the new international order Built around the thesis that Great Power rivalry dominated after the end of the Cold War it examines how this multi polarity has become more extreme The Handbook assesses the diplomacy and statecraft of individual powers in seven key sections The Context of Diplomacy The Great Powers Middle Powers Developing Powers International Organisations and Military Alliances The International Economy Issues of Conflict and Co operation It shows how diplomacy and statecraft have transformed on issues such as the evolving America First strategy the strengthening of the People s Republic of China the growth of non state actors in foreign policy the unravelling of international arms control agreements the aggressive nature of Russian foreign policy and the emergence of major armed conflicts and the rise of terrorism and armed insurgencies around the world It will be of interest to government and non governmental actors established scholars and students in the fields of international relations history and military studies
