Cuban Americans From Trauma To Triumph

Larry D. Purnell

Cuban Americans From Trauma To Triumph:

Cuban Americans James Stuart Olson, Judith E. Olson, 1995 In this insightful and fascinating survey of Cuban American settlement in the United States James and Judith Olson look at the unique Cuban American identity still intact highly visible and politically active maintained by a people separated from their homeland by ideology and a mere 90 miles across the Straits of Florida The Olsons point out that more so than any other U S ethnic group Cuban Americans have achieved a remarkable degree of demographic concentration primarily settling in the Miami area and have been among the most politically visible and the most economically successful of immigrant groups considering that in the early 1990s they were among the most recent arrivals to the United States The Olsons take a chronological approach to Cuban immigration covering the origins of a Cuban culture in America the early Cuban American community here Castro s 1955 revolution and reaction to it in Cuba and the United States Cuban America in the 1950s the Golden Exiles who entered the United States from 1959 to 1970 change and assimilation within the Cuban American community from 1970 to 1980 immigrants from the Mariel boatlift and finally Cuban America in 1995 Today the Olsons note American corporations and Cuban American entrepreneurs stand poised to do business on the island the minute Castro s stranglehold gives way hotels cruise lines airline companies cable television companies and fast food franchises are ready to bring capitalism and American popular culture back to Cuba In the meantime culturally economically and politically rich and bustling Cuban American enclaves contribute to a unique hybrid heritage that may one day be returned to Cuba but with a character distinctly its own *Cubans in America* Lee Engfer, 2005-01-01 Examines the history of Cuban immigration to the United States discussing why they came what they did when they got here where they settled and customs they brought with them *A Short History of Revolutionary Cuba* Antoni Kapcia, 2020-12-24 Few island nations have stirred the soul like Cuba From Hemingway s intoxicating Havana to Ry Cooder s Buena Vista Social Club outsiders have persistently been fascinated by Cuba for its music jazz to rumba its rich literature its art and dance danz n to mambo and perhaps above all for its bold experiment of a socialist revolution in action Antoni Kapcia shows how the thaw in relations between Cuba and the USA now makes a fresh appraisal of the country and its modern history essential He authoritatively explores the essence of the Cuban revolution revealing it to be a maverick phenomenon tied not so much to socialism or Communism for their own sakes but instead to an idealistic vision of postcolonial nationalism Reassessing the Cuban Missile Crisis of 1962 the author examines the central personalities not just the famous trio of Che Guevara Fidel and Ra l Castro in shaping the ideas of the revolution but still further back the visionary ideology of Jos Mart Kapcia s book reflects on the future of the revolution as a l nd his government began to cede power to a new generation **Generational Traumas in Contemporary Cuban-American Literature** Rafael Miguel Montes, 2006 Through a critical examination of a number of artistic musical and literary productions created by the children of Cuban exiles this book defines frameworks with which to discuss second generation Cuban American texts The work

analyzes the social and political implications of works produced by several artists all engaged in defining a cultural identity in exile *The Revolution is for the Children* Anita Casavantes Bradford,2014 Since 1959 the Cuban revolutionary government has proudly proclaimed that the revolution is for the children Many Cuban Americans reject this claim asserting that they chose exile in the United States to protect their children from the evils of Castro communism Anita Casavantes Bradford's analysis of the pivotal years between the Revolution's triumph and the 1962 Missile Crisis uncovers how and when children were first pressed into political service by ideologically opposed Cuban communities on both sides of the Florida Straits Casavantes Bradford argues that in Havana the Castro government deployed a morally charged politics of childhood to steer a nationalist and reformist revolution toward socialism At the same time Miami exile leaders put children at the heart of efforts to mobilize opposition to Castro's regime and to link the well being of Cuban refugees to U S Cold War foreign policy objectives Casavantes Bradford concludes that the 1999 Eli n Gonz lez custody battle was the most notorious recent manifestation of the ongoing struggle to define and control Cuban childhood revealing the persistent centrality of children to Cuban politics and national identity [The Cuban-Americans](#) Liz Sonnaborn,Liz Sonneborn,2002 Discusses the past and present political upheavals that drove the Cubans to American soil **Introduction to the U.S. Latina and Latino**

Religious Experience Hector Avalos,2021-10-01 Latinos Latinas are the largest minority in the United States but the field of U S Latino Latina studies is still in its infancy This work represents the first single volume ever published on the U S Latino Latina religious experience an area that is even less explored A carefully selected group of experts examines the major sub groups of Latinos Latinas including Mexican Americans Puerto Ricans and Cuban Americans along with some of the lesser studied groups such as Dominicans and Central Americans In addition the volume includes important thematic chapters on the role of art film health care literature music politics and women's influence in the U S Latino Latina religious experience **Revolutionary Cuba** Luis Martínez-Fernández,2014-09-16 This is the first book in more than three decades to offer a complete and chronological history of revolutionary Cuba including the years of rebellion that led to the revolution Beginning with Batista's coup in 1952 which catalyzed the rebels and bringing the reader to the present day transformations initiated by Ra l Castro Luis Mart nez Fern ndez provides a balanced interpretive synthesis of the major topics of contemporary Cuban history Expertly weaving the myriad historic social and political forces that shaped the island nation during this period Mart nez Fern ndez examines the circumstances that allowed the revolution to consolidate in the early 1960s the Soviet influence throughout the latter part of the Cold War and the struggle to survive the catastrophic Special Period of the 1990s after the collapse of the U S S R He tackles the island's chronic dependence on sugar production which started with the plantations centuries ago and continues to shape culture and society He analyzes the revolutionary pendulum that continues to swing between idealism and pragmatism focusing on its effects on the everyday lives of the Cuban people and bucking established trends in Cuban scholarship Mart nez Fern ndez systematically integrates the Cuban

diaspora into the larger discourse of the revolution Concise well written and accessible this book is an indispensable survey of the history and themes of the socialist revolution that forever changed Cuba and the world *From the Cuban Ajiaco to the Cuban-American Hyphen* Jorge Duany,1997 **The Cuban American Family Album** Dorothy Hoobler,Thomas Hoobler,1996 Interviews excerpts from diaries and letters newspaper accounts profiles of famous individuals and pictures from family albums portray the Cuban American experience The Hispanic American Historical Review James Alexander Robertson,2005 Includes Bibliographical section **An Introduction to Diasporas in the United States** ,2003 The Cubans Jacquelyn Landis,2005 This book presents historical perspectives and firsthand insights into the Cuban immigration from 1959 following the revolution in Cuba to the 1994 agreement allowing twenty thousand Cuban immigrants into the U S each year **The British National Bibliography** Arthur James Wells,1998 Journal of Hispanic/Latino Theology ,1999 *Teaching Strategies for Ethnic Studies* James A. Banks,1997 The book is designed to help teachers conceptualize design and implement a democratic thoughtful and just curriculum that honors and reflects the experiences hopes and dreams of all Americans It describes knowledge concepts strategies and resources that teachers need to teach ethnic studies in the classroom For classroom teachers at all levels and those interested in gaining a better understanding of multicultural studies in the classroom **The Oxford Encyclopedia of Latinos and Latinas in the United States** ,2005 Presents volume two of the four volume Oxford Encyclopedia of Latinos and Latinas in the United States and contains a number of A to Z articles on topics such as identity art politics religion education health and history health and history Transcultural Health Care Larry D. Purnell,1998 Now nurses and other healthcare professionals can perform cultural assessments of patients and their families from any cultural group encountered in nursing practice using the Purnell Model for Cultural Competence presented in this book This unique model will help you learn to examine cultures according to the twelve cultural domains **Race & Reason** ,1996 International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,1999
