Cuban Santeria Raul J. Canizares,1999-03-01 A revealing window into the secret and seductive world of Santeria A Santeria priest discloses information never before revealed to outsiders Removes the veil of occultism from Santeria to show it as a highly spiritual thriving religion Initiated into the Santeria priesthood at the age of seven Raul Canizares unveils in Cuban Santeria the secret and seductive world of this rapidly growing yet largely misunderstood Afro Cuban religion With the knowledge of an insider and the insight of a scholar Canizares astutely examines the practice of Santeria revealing many of its hidden dimensions while simultaneously providing a fascinating account of its unique textured mix of African Cuban and Catholic traditions The Cuban born author describes the practices and rituals of the followers of Santeria from magical herbal prescription and healing to spiritism and animal sacrifice and explains how for many years the religion has been maintained under the guise of Catholicism to avoid religious persecution Most initiates are sworn to a code of silence but Canizares believes that the time has come to move Santeria a religion of beauty and resilience out of the darkness and into the light so that a more accurate picture of this rich tradition can emerge **Walking with the Night** Raul

Canizares,1993-01-01 *Teachings of the Santería Gods* Ócha'ni Lele,2010-06-24 The first book to explore the sacred myths of Santer a Includes more than 100 myths stories and histories about the odu and the orishas Reassembles the oral fragments from the African diaspora into coherent stories Demonstrates that the African peoples specifically the Yoruba were deeply spiritual At the core of the dilogg n the sacred divination system of Santer a are the sacred stories known as the patak s narratives whose themes are as powerful and relevant today as they were in the minds of the ancient Yoruba who safeguarded them Each patak is connected to one or more of the 16 odu the principal creative forces of Santer a Some recount the lives of orishas on earth others the lives of individuals in heaven and some tell of the odu themselves for even they once walked the earth as mortals The first book to explore these ancient African stories in English Teachings of the Santer a Gods recounts more than 100 of these sacred parables including many stories reassembled from the oral tradition of the African diaspora Ranging from creation myths to what happens when a love potion works far too well these stories share the wisdom and spirituality of the Yoruba people of ancient Africa and form the living oral bible of one of the world s fastest growing faiths *Santeria* Miguel A. De La Torre,2004-08-23 This book by Miguel De La Torre offers a fascinating guide to the history beliefs rituals and culture of Santer a a religious tradition that despite persecution suppression and its own secretive nature has close to a million adherents in the United States alone Santer a is a religion with Afro Cuban roots rising out of the cultural clash between the Yoruba people of West Africa and the Spanish Catholics who brought them to the Americas as slaves As a faith of the marginalized and persecuted it gave oppressed men and women strength and the will to survive With the exile of thousands of Cubans in the wake of Castro s revolution in 1959 Santer a came to the United States where it is gradually coming to be recognized as a legitimate faith tradition Apart from vague suspicions that Santer a s

rituals include animal sacrifice and notions that it is a syncretistic form of Catholicism most people in America's cultural and religious mainstream know very little about this rich faith tradition in fact many have never heard of it at all De La Torre who was reared in Santería sets out in this book to provide a basic understanding of its inner workings He clearly explains the particular worldview myths rituals and practices of Santería and he discusses what role the religion typically plays in the life of its practitioners as well as the cultural influence it continues to exert in Latin American communities today In offering a balanced informed survey of Santería from his unique insider outsider perspective De La Torre also provides insight into how Christianity and Santería can enter into dialogue a dialogue that will challenge Christians to consider what this emerging faith tradition can teach them about their own Enhanced with illustrations tables and a glossary De La Torre's Santería sheds light on a religion all too often shrouded in mystery and misunderstanding Caribbean Healing Traditions Patsy
