## **Cuentos Negros De Cuba:**

**Afro-Cuban Tales** Lydia Cabrera, 2004 As much a storyteller as an ethnographer Lydia Cabrera was captivated by a strange and magical new world revealed to her by her Afro Cuban friends in early twentieth century Havana In Afro Cuban Tales this world comes to teeming life introducing English speaking readers to a realm of tenuous boundaries between the natural and the supernatural deities and mortals the spiritual and the seemingly inanimate Here readers will find a vibrant imaginative record of African culture transplanted to Cuba and transformed over time a passionate and subversive alternative to the dominant Western culture of the Americas In this charmed realm of myth and legend imaginative flights and hard realities Cabrera shows us a world turned upside down In this domain guinea hens can make dour Asturians and the king of Spain dance little fat cooking pots might prepare their own meals the pope can send encyclicals about pumpkins and officials can be defeated by the shrewdness of turtles The first English translation of one of the most important writers on African culture in the Americas the collection provides a fascinating view of how African traditions myths stories and religions traveled to the New World of how in their tales Africans in the Americas created a New World all their own

Rodríguez-Plata,2005-11-16 Lydia Cabrera 1900 1991 an upper class white Cuban intellectual spent many years traveling through Cuba collecting oral histories stories and music from Cubans of African descent Her work is commonly viewed as an extension of the work of her famous brother in law Cuban anthropologist Fernando Ortiz who initiated the study of Afro Cubans and the concept of transculturation Here Edna Rodriguez Mangual challenges this perspective proposing that Cabrera s work offers an alternative to the hegemonizing national myth of Cuba articulated by Ortiz and others Rodriguez Mangual examines Cabrera s ethnographic essays and short stories in context By blurring fact and fiction anthropology and literature Cabrera defied the scientific discourse used by other anthropologists She wrote of Afro Cubans not as objects but as subjects and in her writings whiteness instead of blackness is gazed upon as the other As Rodriguez Mangual demonstrates Cabrera rewrote the history of Cuba and its culture through imaginative means calling into question the empirical basis of anthropology and placing Afro Cuban contributions at the center of the literature that describes the Cuban nation and its national identity      *Africana* Anthony Appiah, Henry Louis Gates ( Jr.),2005 Ninety years after W E B Du Bois first articulated the need for the equivalent of a black Encyclopedia Britannica Kwame Anthony Appiah and Henry Louis Gates Jr realized his vision by publishing *Africana* The Encyclopedia of the African and African American Experience in 1999 This new greatly expanded edition of the original work broadens the foundation provided by *Africana* Including more than one million new words *Africana* has been completely updated and revised New entries on African kingdoms have been added bibliographies now accompany most articles and the encyclopedia s coverage of the African diaspora in Latin America and the Caribbean has been expanded transforming the set into the most authoritative research and scholarly reference set on the African experience ever created More than 4 000 articles cover prominent individuals events trends places political movements art forms business and trade religion ethnic groups organizations and countries on both sides of the Atlantic African American history and culture in the present day United States receive a strong emphasis but African American history and culture throughout the rest of the Americas and their origins in African itself have an equally strong presence The articles that make up *Africana* cover subjects ranging from affirmative action to zydeco and span over four million years from the earliest known hominids to Sean Diddy Combs With entries ranging from the African ethnic groups to members of the Congressional Black Caucus *Africana* Second Edition conveys the history and scope of cultural expression of people of African descent with unprecedented depth      *Voices Out of Africa in Twentieth-century Spanish Caribbean Literature* Julia Cuervo Hewitt,2009 Hewitt Spanish and Portuguese Pennsylvania State U explores the representation of Africa and Afro Caribbean ness in Spanish Caribbean literature of the 20th century Her main argument is that the literary representation of Africa and Africanness meaning practices belief systems music art myths popular knowledge in Spanish speaking Caribbean

societies constructs a self referential discourse in which Africa and African things shift to a Caribbean landscape as the site of the M Other Or in other words these representations imaginatively rescue and simultaneously construct a Caribbean cultural imaginary conceived as the Other within that associates Africa with a cultural womb Among the texts she explores are Fernando Ortiz s interpretations of the Black Carnival in Cuba the early Afro Cuban poems of Alejo Carpentier the Afro Cuban stories of Lydia Cabrera a number of literary representations of the figure of the runaway slave and two works by Puerto Rican novelist Edgardo Rodríguez Juliá Diasporic Identities within Afro-Hispanic and African Contexts Yaw Agawu-Kakraba, Komla F. Aggor, 2015-10-05 Diasporic Identities within Afro Hispanic and African Contexts explores the complexities underlying the identity formation of peoples of African ancestry in the Spanish speaking world and of expatriate immigrants who inhabit colonized territories in Africa Although current diaspora studies provide provocative perspectives on migration that have various cultural national political and economic implications any engagement of the subject readily runs into theoretical and practical challenges At stake here is the question of finding an ideal conceptualization of diaspora Should the term be limited to migration that is purely voluntary or to a traumatic exile What about generational differences that invariably impact the imagining of diaspora How does diaspora relate to creolization hybridity and transculturation This volume does not argue for what constitutes a proper diaspora but rather re contextualizes the concept of diaspora from the point of view of identity formation on the basis of voluntary and non voluntary migration The essays gathered together here engage with the unified topic of identity but radiate a stimulating variety in geographic coverage examining countries such as Cuba Nicaragua Morocco Angola and Spain and in thematic approach from religion to a poetics of self affirmation to issues of political conflict subalternity and migration **Encyclopedia of Latin American Literature** Verity Smith, 1997-03-26 This work is a guide to writers works and topics in Central and South America and the Caribbean It contains over 400 entries written by 160 contributors which are organized into four major types topic individual writer individual work and survey El cuento cubano Pedro Izquierdo-Tejido, 1983 **Latin American Writers** , 1989 Discusses writers of the New World and provides a critical analyses of today s outstanding writers Idapo, el sincretismo en los Cuentos negros de Lydia Cabrera Hilda Perera, 1971 **Archivos del folklore cubano** Fernando Ortiz, 1924
