## **A Certain Light:**

A Certain Light Ann Chandler,2017-06-19 Poetry is all too often regarded as irrelevant its meaning seemingly hidden Conversely story form seems more accessible in its communication and has a more defined nature than its opaque poetic cousin A poem however is more compact in its delivery and has the added dimension of being open to wider interpretation It acts like a mirror revealing the secret wounds of the soul its words offering the balm of understanding Poems reveal vulnerability emotion laid bare inner journeys exposed the fragility of life the freedom of imagination Poems are meant not so much to be understood as to be felt and to connect at a deeper level The pattern shape and rhythm of words convey meaning that goes far beyond the mind and into the heart I hope that those contained in these pages reach both your heart and mind

*In a Certain Light* Karen Osney Brownstein,1985      A Certain Kind of Light Mary O'Meara,2017-04-18 A Certain Kind of Light is the debut novel from Mary O Meara following the story of Eileen McCarthy whose life is changed forever by an unusual entrance from the actor Charlie Gitane Eileen struggles to cope and to hold herself together as life continues to throw curveballs along her path In the end she must surrender to an understanding that there is more to life than we can ever fully comprehend Eileen had always searched for her happy ever after but the end of her story is very different than what she had expected She finds that though it does not match up to her original expectations it does lead to peace and true happiness A Certain Kind of Light explores the difficulty that Eileen faces in coming to terms with the spiritual awakening that meeting this man triggers and the consequences that this has for her life A Certain Kind of Light is a book exploring the universal difficulty of comprehending that there is much more to living than we may originally perceive It is a story about liberation and discovery with a protagonist who learns to be who she really is in a world that demands the opposite Shifting between the mundane and the extraordinary Mary s debut novel explores how an experience can illuminate the ordinary and transform it into something magical The book has a small but strong and memorable cast and is filled with fascinating contrasts between the visible and the invisible and the factual and the unknown Mary is inspired by Neil Gaiman and Angela Carter A Certain Kind of Light is an intriguing and ultimately uplifting book that will appeal to readers of spiritual fiction and magical realism
