Sovereignty Unhinged Deborah A. Thomas,Joseph Masco,2023-01-18 Sovereignty Unhinged theorizes sovereignty beyond the typical understandings of action control and the nation state Rather than engaging with the geopolitical realities of the present the contributors consider sovereignty from the perspective of how it is lived and enacted in everyday practice and how it reflects people s aspirations for new futures In a series of ethnographic case studies ranging from the Americas to the Middle East to South Asia they examine the means of avoiding the political and historical capture that make one complicit

with sovereign authority rather than creating the conditions of possibility to confront it The contributors attend to the affective dimensions of these practices of world building to illuminate the epistemological ontological and transnational entanglements that produce a sense of what is possible They also trace how sovereignty is activated and deactivated over the course of a lifetime within the struggle of the everyday In so doing they outline how individuals create and enact forms of sovereignty that allow them to endure fast and slow forms of violence while embracing endless opportunities for building new worlds Contributors Alex Blanchette Yarimar Bonilla Jessica Cattelino Mar a Elena Garc a Akhil Gupta Lochlann Jain Purnima Mankekar Joseph Masco Michael Ralph Danilyn Rutherford Arjun Shankar Kristen L Simmons Deborah A Thomas Leniqueca A Welcome Kaya Naomi Williams Jessica Winegar
