A Biographical Dictionary Of Women Economists:

A Biographical Dictionary of Women Economists Robert William Dimand, Mary Ann Dimand, Evelyn L. Forget, 2000
This reference contains over 100 articles on the lives and writings of women who made significant contributions to economics. Some notable Danish, Dutch, French, German, Greek, Italian, Japanese, Russian, and Swedish economists are included. [A Biographical Dictionary of Women Economists](#) Robert William Dimand, Mary Ann Dimand, Evelyn L. Forget, 2008
Includes over one hundred specially commissioned articles on the lives and writings of women who made significant contributions to economics. It sheds new light on the rich but too often neglected heritage of women's analysis of economic issues and participation in the discipline of economics. *The Biographical Dictionary of American Economists* Ross B. Emmett, 2006
This critically acclaimed biographical dictionary of American economists offers in depth biographies of the most important economic figures in American history from the seventeenth century to the present day. All of the major schools of American economic thought are represented from the Constitutional school to the Keynesian school, and the dictionary includes in depth coverage of the many overlooked women who have influenced economic thought in America. [Who's who in Economics](#) Mark Blaug, 1986
This edition includes 337 more entries bringing the total to over 1,400 thumbnail sketches of economists who have contributed to the literature over the past three centuries. [A History of Feminist and Gender Economics](#) Giandomenica Becchio, 2019-10-30
This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences. Its narrative also serves to embed both within a broader cultural context. Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women's emancipation and empowerment, they differ in many aspects. Feminist economics, mainly influenced by women's studies and feminism, rejected neoclassical economics, while gender neoclassical economics, mainly influenced by home economics and the new home economics, adopted the neoclassical economics approach to gender issues. The book includes diverse case studies which also highlight the continuity between the story of women's emancipation and the more recent developments of feminist and gender studies. This volume will be of great interest to researchers and academia in the fields of feminist economics, gender studies, and the history of economic thought.

A Biographical Dictionary of Australian and New Zealand Economists John Edward King, 2007
A valuable reference book and at the same time an account of economics in Australia that can be read right through as history. J. King, La Trobe University, Australia.

Biographical Dictionary of American Economists Ross Emmett, 2006-07-10
All the major schools of American economic thought are represented, ranging from the Constitutional school to the Keynesian and the Chicago School. A significant number of the subjects are female, including figures such as Anna Schwartz, Mabel Timlin, Mabel Newcomer, Margaret Gilpin Reid, Rose Friedman, and Elizabeth Boody Schumpeter, highlighting the role that women have played in the development of American economic thought. More generally, the dictionary includes many minor

but important figures who have contributed to that development ranging from William Penn and Cotton Mather to Augustus M Kelley and Leon Marshall Individually the entries capture important and often overlooked contributions to the development of economic thought in America collectively they encapsulate the rich diversity of that thought and the influences that have been at play on American economic thinking over four centuries

Women's Economic Thought in the Romantic Age Joanna Rostek, 2021-01-20 This book examines the writings of seven English women economists from the period 1735-1811 It reveals that contrary to what standard accounts of the history of economic thought suggest eighteenth and early nineteenth century women intellectuals were undertaking incisive and gender sensitive analyses of the economy Women's Economic Thought in the Romantic Age argues that established notions of what constitutes economic enquiry topics and genres of writing have for centuries marginalised the perspectives and experiences of women and obscured the knowledge they recorded in novels memoirs or pamphlets This has led to an underrepresentation of women in the canon of economic theory Using insights from literary studies cultural studies gender studies and feminist economics the book develops a transdisciplinary methodology that redresses this imbalance and problematises the distinction between literary and economic texts In its in depth readings of selected writings by Sarah Chapone Mary Wollstonecraft Mary Hays Mary Robinson Priscilla Wakefield Mary Ann Radcliffe and Jane Austen this book uncovers the originality and topicality of their insights on the economics of marriage women and paid work and moral economics Combining historical analysis with conceptual revision Women's Economic Thought in the Romantic Age retrieves women's overlooked intellectual contributions and radically breaks down the barriers between literature and economics It will be of interest to researchers and students from across the humanities and social sciences in particular the history of economic thought English literary and cultural studies gender studies economics eighteenth century and Romantic studies social history and the history of ideas The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
