A Blessing:

Be a Blessing Elizabeth Ellen Ostring, 2016-03-08 Utilizing the techniques of narratology and literary analysis this study examines the foundational biblical text of Genesis to develop the theology of ordinary human work that emerges from it The study offers a history of Christian theologies of human work as well as a unique approach to both the topic of work and the literary structure of Genesis The emerging concept of blessing rather than achievement provides a refreshing and yet practical approach to human work This is a valuable complement to the current interest in this topic and one that although challenging some current concepts is encouraging

What Is a Blessing? Lorine Egans, 2017-11-13 This book aims to bring clarification understanding knowledge and wisdom about what a blessing really is In America we have the concept that a blessing is a material entity such as a house a car extravagant clothes and expensive jewelry the bling bling A blessing in Western civilization is self centered whereas it is supposed to bless others as well We see being blessed as being happy all the time a state of bliss This desire for a state of happiness and a propensity for a strong feeling of repugnance toward apathy unhappiness suffering distress anguish afflictions difficulties no problems no hardships and no worries come from the philosophy of John Locke 1632-1704 John Locke lived in England and his philosophy influenced the Founding Fathers so much that when they wrote the Constitution of the United States they relied heavily upon Lockes philosophy about natural rights which they stated in the preamble of the Constitution as life liberty and the pursuit of happiness John Locke is also known as the father of liberalism Liberalism is defined as the belief in the value of social and political change in order to achieve progress To be blessed you definitely have to make progress Locke lived in England during the time of ruling kings and queens so Locke posited in his Second Treatise of Government that people had a sovereign power and the monarchy was merely a delegate John Locke Francis Bacon and Thomas Hobbes were three of the major philosophers during the Age of Enlightenment who embraced reasoning rationalization as a means to serve God The Age of Enlightenment resulted in atheism and it has also contributed to an erroneous conception of what a blessing is The notion of happiness has penetrated and become a component of one of the characteristics of what we think a blessing is The blessing has to be what we want to make us happy prosperous healthyself centered blessings just for ourselves The prosperity theology doctrine emphasizes the importance of personal empowerment proposing that it is Gods will for his people to be happy My goal is to help people align their thinking with what a blessing is according to biblical standards not philosophical rationalizations Psalm 19 78
