## **A Chant A Mile Long:**

*The Animal One Thousand Miles Long* Leath Tonino, 2018-09-30 The phrase an animal a thousand miles miles long attributed to Aristotle refers to a sprawling body that cannot be seen in its entirety from a single angle a thing too vast and complicated to be knowable as a whole For Leath Tonino the animal a thousand miles long is the landscape of his native Vermont Tonino grew up along the shores of Lake Champlain situated between Vermont's Green Mountains and New York's Adirondacks His career as a nature and travel writer has taken him across the country but he always turns his eye back on his home state All along he writes I've been exploring various parts of the animal trying to make a prose map of its body not to understand it in a conclusive or definitive way but rather to celebrate it to hint at its possibilities This fragmented yet deep search is the overarching theme of the twenty essays in *The Animal One Thousand Miles Long* Tonino posits that geography natural history human experience and local traditions seasons and especially atypical outings on skis bicycles sleds and boogie boards can open us to a place and simultaneously open a place to us He looks closely at the 262 mile length of Vermont but his underlying mission is to demonstrate our collective need to better understand the meaning of place especially the ones we call home and think we know best From Laredo to Jackson Hole San Francisco to Burlington his sensibility is applicable to us all In his signature piece *Seven Lengths of Vermont* he traverses the length of the state in seven different ways a twenty day hike 500 miles on bicycle a thirty six ride hitchhiking tour 260 miles in a canoe ten days swimming Lake Champlain a three week ski trek and a two hour vast and fast flyover He plots each route with blue ink on maps strung across his office Each inky thread was an animal a thousand miles long he writes Vermont appeared before me as a menagerie What Bill Bryson's *A Walk in the Woods* did for the Appalachian Trail and Peter Mayle's *A Year in Provence* did for the South of France Tonino's affinity for the land he calls home gives a new perspective on the Green Mountain State His infectious love of the outdoors the ground of everyday life should inspire us to explore the places just outside our own front door
