A Cluster of Clerihews Gavin Ewart, 1985      Guarded by Dragons Rick Gekoski, 2021-07-08 The Times Best Literary Non fiction Books 2021 a super yarn Rick Gekoski's encyclopaedic knowledge of rare books is matched only by the enthusiasm and brio with which he writes about them Ian Rankin Rick Gekoski has been traversing the rocky terrain of the rare book trade for over fifty years The treasure he seeks is scarce carefully buried and often jealously guarded knowledge of its hiding place shared through word of mouth like the myths of old In Guarded by Dragons Gekoski invites readers into this enchanted world as he reflects on the gems he has unearthed throughout his career He takes us back to where his love of collecting began perusing D H Lawrence first editions in a slightly suspect Birmingham carpark What follows are dizzying encounters with literary giants as Gekoski publishes William Golding plays ping pong with Salman Rushdie and lunches with Graham Greene A brilliant stroke of luck sees Sylvia Plath's personal copy of The Great Gatsby fall into Gekoski's lap only for him to discover the perils of upsetting a Poet Laureate when Ted Hughes demands its return Hunting for literary treasure is not without its battles and Gekoski boldly breaks the cardinal rule never to engage in a lawsuit with someone much richer than yourself while also guarding his bookshop from the most unlikely of thieves The result is an unparalleled insight into an almost mythical world where priceless first editions of Ulysses can vanish and billionaires will spend as much gold as it takes to own the manuscript of J K Rowling's Tales of Beedle the Bard Engaging funny and shrewd Guarded by Dragons is a fascinating discussion on value and worth At the same time Gekoski artfully reveals how a manuscript can tell a thousand stories

Bridging the Gap Between Conversation Analysis and Poetics Raymond F. Person, Jr., Robin Wooffitt, John P. Rae, 2021-12-30. This collection extends the conversation beginning with Gail Jefferson's seminal 1996 article *On the Poetics of Ordinary Talk* linking the poetics of ordinary talk with the work of poets to bring together critical perspectives on new data from talk in interaction and applications of Jefferson's poetics to literary discourse. Bringing together contributions from Conversation Analysis and literary scholars the book

begins by analyzing the presentation which served as the genesis for Jefferson's article to highlight the occurrence of poetics in institutional talk. The first section then provides an in-depth examination of case studies from Conversation Analysis which draw on new data from naturally occurring discourse. The second half explores literary poetics as a form of institutional talk emerging from the poetics of ordinary talk, offering new possibilities for interpreting work in classics, biblical studies, folklore studies, and contemporary literature. Each chapter engages in a discussion of Jefferson's article toward reinforcing the relationships between the two disciplines and indicating a way forward for interdisciplinary scholarship. The collection highlights the enduring influence of Jefferson's poetics to our understanding of language both talk in interaction and literary discourse, making this book of particular interest to students and researchers in Conversation Analysis, literary studies, stylistics, and pragmatics.
