A Coach's Life My Forty Years In College Basketball:

A Coach's Life Dean Smith, John Kilgo, Sally Jenkins, 2000-02-29 Legendary University of North Carolina basketball coach Dean Smith tells the full story of his fabled career and shares the life lessons taught and learned over forty years of unparalleled success as a coach and mentor For almost forty years Dean Smith coached the University of North Carolina men s basketball program with unsurpassed success on the court and in shaping young men s lives In his long awaited memoir he reflects on the great games teams players strategies and rivalries that defined his career and explains the philosophy that guided him There s a lot more to life than basketball though some may beg to differ but there s a lot more to basketball than basketball and this is a book about basketball filled with wisdom about life Dean Smith insisted that the fundamentals of good basketball were the fundamentals of character passion discipline focus selflessness and responsibility and he strove to unite his teams in pursuit of those values To read this book is to understand why Dean Smith changed the lives of the players he coached from Michael Jordan who calls him his second father and who never played a single NBA game without wearing a pair of UNC basketball shorts under his uniform to the last man on the bench of his least talented team We all wish we had a coach like Dean Smith in our lives and now we will have that chance *A Coach's Life* Dean Smith, John Kilgo, Sally Jenkins, 2002-02-12 For almost forty years Dean Smith coached the University of North Carolina basketball team with unsurpassed success having an impact both on the court and in the lives of countless young men In *A Coach s Life* he looks back on the great games teams players strategies and rivalries that defined his career and in a new final chapter discusses his retirement from the game The fundamentals of good basketball are the fundamentals of character passion discipline focus selflessness and responsibility and superlative mentor and coach Dean Smith imparts them all with equal authority *A Coach's Life* Dean E. Smith, 1999-11-01 **A Coach's Life** Dean Smith, John Kilgo, Sally Jenkins, 2003-07 When Dean Smith retired from the Univ of North Carolina in 1997 as the most successful college basketball coach in history he left behind a long list of staggering statistics His last 31 teams averaged over 26 wins year with each qualifying for post season play He was named him one of the seven greatest coaches of the 20th century in any sport He also had a profound impact on the lives of the players he coached His players all credit him with forging in them the values of discipline respect camaraderie and fortitude that laid the groundwork for their success in basketball and in life Here Smith explains his basketball philosophy and its sources the origins of his many innovations to the game and his thoughts on the issues and challenges facing college basketball **Of Gods and Games** William J. Baker, 2016-11-01 That Americans take to sports with a spiritual fervor is no secret Athletics has even been called a civil religion for how it permeates our daily lives as we chase our own dreams of glory or watch others compete Few would deny our national devotion to sports however many would gloss over it as all of a piece To do that as William J Baker shows us is to miss the fascinating variety of experiences at the intersection of sports and religion and the ramifications of such on a national citizenry defined as Baker writes by the team they cheer on Saturday and

the church they attend on Sunday With nods to modern and ancient history Baker looks at the ever changing relationship between faith and sports through vignettes about devout athletes coaches and journalists Of Gods and Games offers an accessible entrance into some of the larger issues embedded in American culture's sports religion connection Baker first considers two Christian athletes who have engaged sports and religion on fundamentally different terms Shelly Pennefather one of the dominant women's basketball players of the late 1980s who left the sport for life as a cloistered nun and Heisman Trophy winner Tim Tebow who has used his college and pro football careers as a platform for evangelizing In discussing basketball coach Dean Smith University of North Carolina and football coaches Steve Spurrier University of South Carolina and Bill McCartney University of Colorado Baker looks at how each strove to honor faith amid sometimes complicated personal lives and ever crushing professional demands Finally Baker looks at how faith inspired such sportswriters as Grantland Rice who sprinkled his stories with religious allusions and Watson Spolstra who struck a deal with God at his daughter's deathbed she recovered and subsequently devoted his off hours and retirement years to charity work

Sports in America from Colonial Times to the Twenty-First Century: An Encyclopedia Steven A. Riess,2015-03-26 A unique new reference work this encyclopedia presents a social cultural and economic history of American sports from hunting bowling and skating in the sixteenth century to televised professional sports and the X Games today Nearly 400 articles examine historical and cultural aspects of leagues teams institutions major competitions the media and other related industries as well as legal and social issues economic factors ethnic and racial participation and the growth of institutions and venues Also included are biographical entries on notable individuals not just outstanding athletes but owners and promoters journalists and broadcasters and innovators of other kinds along with in depth entries on the history of major and minor sports from air racing and archery to wrestling and yachting A detailed chronology master bibliography and directory of institutions organizations and governing bodies plus more than 100 vintage and contemporary photographs round out the coverage

Kentucky's Domain of Power, Greed and Corruption Betty Boles Ellison,2001-02-07 Referring to college athletics as amateur sports is as archaic as football's flying wedge that was outlawed almost a century ago College athletics are all about multi million dollar programs billion dollar television contracts corporate control and cronyism Power greed and corruption have turned the top athletic programs into money making machines controlled as much by people outside the program as university presidents and athletics directors Few if any books written about college athletics closely examine the behind the scenes deal making how lucrative contracts are awarded and the favored few who benefit This book reveals how and why sports decisions were made at the University of Kentucky one of the nation's top programs how they were influenced by powerful elements who profited sometimes by questionable legal and ethical tactics from these actions Six years of solid academic research stands behind the facts revealed in this book
