be the very foundation of Marketing This text answers the questions of when to use how to use and who should be involved in the interrelated functions of Marketing today This text also teaches the cost effectiveness of developing brand relationship managing the ongoing dialogue between buyer and seller and how to truly integrate the consumer into Business to business marketing vs Business to consumer marketing B2B and B2C Customers that Count Tony Cram,2001 A wonderfully fresh look at CRM Customers that Count starts with the theses that the nature of human relationship provides a model for creating business loyalty then reviews important rules of friendship that will help you to build customer relationships Filled with lots of valuable case histories this is an idea a minute read Frederick Newell author of The New Rules of Marketing Securing repeat business from good customers through long term loyal relationships is the key to generating profit However there are two key elements to this that most people ignore or misunderstand First the notion of good customers That means you have to concentrate on customers that count the ones who deliver profits Equally importantly it means that you should learn to sack bad customers the others who are destroying value Second the notion of loyal relationships A loyal relationship is one that lives and goes beyond the database If you want these customers loyalty you have to treat them like valued human beings not just numbers This book is more than just another book on CRM It goes beyond the concept of capturing customers into captivating them In a world where consumer choice has never been greater and where the cost of acquiring new customers is sometimes more than the value they bring in you can't afford to treat all customers the same the company that seems human will win As customer value replaces cost control as the guiding principle of management Tony Cram reveals how to manage the customers that count **Subject Guide to Books in Print** ,2001 *American Book Publishing Record* ,2000 **Choice** ,2000 **The Publishers Weekly** ,1999 Adweek ,2000-04 **Teorija in praksa** ,2002 Dru boslovna revija
