Women Making Art Marsha Meskimmon, 2012-11-12 Women have been making art for centuries yet their work has been seen as secondary or has gone unrecognized altogether Women Making Art asks why this is so and what it would take for us to realize the extent of women's extraordinary contribution to the arts Marsha Meskimmon mobilizes contemporary feminist thinking to reconsider how and why women have made art She examines work by a wide range of women artists from different cultures and historical periods including Rebecca Horn Rachel Whiteread Shirin Neshat and Maya Lin emphasizing the diversity of women's art and the importance of differences between women

Portuguese Modernisms Steffen Dix, 2017-07-05 For a more encompassing

and stimulating picture of Modernism seen as a movement of the 20th century a broad spectrum of work across many countries we must explore its diversity Portuguese Modernism manifested itself both in visual art and in literature and made a vigorous contribution to this time of profound cultural change Indeed the sociocultural transformations that marked the early 20th century in Portugal are still current This volume provides a critical guide for students and teachers contributed by an array of scholars with unparalleled knowledge of the period its artists and its writers Steffen Dix is Research Fellow at the Institute of Social Science University of Lisbon Jeronimo Pizarro is Research Fellow at the Linguistics Centre University of Lisbon *Dun's Review* ,1906 **ARTnews** ,1956 **Main building and annexes. Tribunal da Relação,1912 **The American Art Review** ,1881 A journal devoted to the practice theory history and archaeology of art *Arts & Decoration* ,1920 **History for Ready Reference** Josephus Nelson Larned,1901 **The Studio** ,1926 *Artbibliographies Modern* ,2004 **Diario Oficial** Brazil,1962 Laws decrees and administrative acts of government **Spink & Son's Monthly Numismatic Circular** ,1900 **Essential Art** ,2007 This is a quick handy reference guide to art from prehistoric times up to the present The book is arranged in chronological order covering all the main time periods movements and well known artists There are time lines for each section as well as brief introductions to what was happening politically socially etc at the time and also an in depth look at famous artists The text is accessible and authoritative The layout is easy to follow and well laid out In short this is the ideal student s or layman s guide to the history of art **The civil rights injunction for the protection of fundamental rights** Allan R. Brewer Carias,2023-11-24 This book on The Civil Rights Injunction for the protection of Fundamental Rights The Latin American Amparo Proceeding is the original version of the text I wrote for the Course of Lectures I gave as Adjunct Professor of Law on a Seminar on Judicial Protection of Fundamental Rights in Latin America the Amparo Proceeding at the Columbia Law School in New York University of Columbia during the years 2006 2008 The Seminar was intended to examine the most recent trends in the constitutional and legal regulations in all Latin American countries regarding the amparo suit action or recourse including the old habeas corpus writ and the new habeas data actions or recourses By means of a comparative constitutional law approach also with reference to the United States civil rights injunctions the Course analyzed this Latin American institution departing from the regulation of the amparo guarantee established in Article 25 of the 1969 American Convention of Human Rights which entered into force in 1978 after being ratified by all Latin American States The amparo suit or proceeding is not only an effective judicial means for the restoration of the injured constitutional rights that has been harmed similar to the reparative or restorative civil rights injunctions in the

United States but it is also the effective judicial means for the protection of such rights and guaranties when threatened to be violated or harmed This latter amparo suit is then similar to the preventive civil rights injunctions in the United States preventive in the sense of avoiding harm which in this case seeks to prohibit some discrete act or series of acts from occurring in the future and is designed to avoid future harm to a party by prohibiting or mandating certain behavior to another party From this point of view thus in a constitutional comparative law approach the Latin American amparo action or proceeding is a judicial remedy similar to the civil rights injunctions restorative or preventive in the United States Allan R Brewer Car as Europe and Asia as a Legal Area for Fundamental Rights Masahisa Deguchi, Kimio Yakushiji, 2023-05-05 This book explores the possibility of an Asian legal sphere based on the model of Europe It features articles written by leading experts from Europe and Asia After centuries of violent conflicts Europe began a process of integration which leads to 75 years of peace and a community with the common values of freedom fundamental rights and the rule of law But the circumstances that lead to the unification of Europe differ from current day Asia Besides the huge economic gaps between neighboring countries and a wide variety of political forms of government Asia also does not share the unifying narrative of post WWII Europe From an economic point of view Asia is a highly developed region despite the differences between the political systems the region has grown together economically and in recent times also politically However the legal systems of the respective countries have not created the necessary conditions for a peaceful coexistence Can Europe be a model for Asia Based on the history and development of the European unification process this book asks the question to what extent Asia can look to Europe as a model and what lessons can be learned
