People That Changed the Course of History: The Story of Leonardo Da Vinci 500 Years After His Birth Antone Pierucci,2017 A quick internet search will yield results of Leonardo da Vinci s legendary paintings the Mona Lisa and the Last Supper and you might even catch a glimpse of his well known sketches of machines human bodies and animals However there s so much more to da Vinci than his paintings and drawings This 16th century Italian man embodied the Renaissance spirit he was intensely interested in everyone and everything His curiosity spanned every discipline from geometry to anatomy to the link between art and science 500 years ago was a time of insight of investigation and in this sense da Vinci fit in perfectly However in another sense he didn t belong at all he was a loner living in his own world An illegitimate child with 17 half siblings Leonardo also shrouded himself in secrecy He wrote in a mirror script meaning that you could only understand what he had written by holding it up to a mirror He believed that we all have potential to do amazing things but he also had lots of unfinished projects and struggled with lifelong self doubt Delve in to these pages to find out why Leonardo di Ser Piero d Antonio di Ser Piero di Ser Guido da Vinci yes this was his full name was as mysterious as his painting of Mona Lisa s famous smile
