Looking at Dada Sarah Ganz Blythe, Edward D. Powers, 2006 Published in conjunction with Dada an exhibition organized by the National Gallery of Art Washington D C from February 19 to May 14 2006 and the Centre Pompidou Paris

from October 5 to January 9 2006 in collaboration with the Museum of Modern Art New York from June 18 to September 11 2006 P 75 An Audience of Artists Catherine Craft,2012-05-30 An Audience of Artists turns this time line for the postwar New York art world on its head presenting a new pedigree for these artistic movements Drawing on an array of previously unpublished material Catherine Craft reveals that Neo Dada far from being a reaction to Abstract Expressionism actually originated at the heart of that movement s concerns about viewers originality and artists debts to the past and one another Furthermore she argues the original Dada movement was not incompatible with Abstract Expressionism In fact Dada provided a vital historical reference for artists and critics seeking to come to terms with the radical departure from tradition that Abstract Expressionism seemed to represent Tracing the activities of artists such as Robert Motherwell Barnett Newman and Jackson Pollock alongside Marcel Duchamp s renewed embrace of Dada in the late 1940s Craft explores the challenges facing artists trying to work in the wake of a destructive world war and the paintings objects writings and installations that resulted from their efforts Jacket **A Companion to Dada and Surrealism** David Hopkins,2016-02-19 This excellent overview of new research on Dada and Surrealism blends expert synthesis of the latest scholarship with completely new research offering historical coverage as well as in depth discussion of thematic areas ranging from criminality to gender This book provides an excellent overview of new research on Dada and Surrealism from some of the finest established and up and coming scholars in the field Offers historical coverage as well as in depth discussion of thematic areas ranging from criminality to gender One of the first studies to produce global coverage of the two movements it also includes a section dealing with the critical and cultural aftermath of Dada and Surrealism in the later twentieth century Dada and Surrealism are arguably the most popular areas of modern art both in the academic and public spheres **Dada** Rudolf E. Kuenzli,2006-10-15 This volume presents a rich selection of the Dadas experimental visual and literary works Covering not only Western Europe and America but also Central and Eastern Europe Japan and later Neo Dada eminent scholar and Director of the International Dada Archive Rudolf Kuenzli gives a lively accessible and comprehensive assessment Linking visual art performance and literature this is a fresh treatment of Dada as the Dadas saw it Preface *Dada Presentism* Maria Stavrinaki,2016-04-20 Dada is often celebrated for its strategies of shock and opposition but in *Dada Presentism* Maria Stavrinaki provides a new picture of Dada art and writings as a lucid reflection on history and the role of art within it The original Berlin based Dadaists acute historical consciousness and their modern experience of time she contends anticipated the formulations of major historians such as Reinhart Koselleck and more recently Fran ois Hartog The book explores Dada temporalities and concepts of history in works of art artistic discourse and in the photographs of the Berlin Dada movement These photographs including the famous one of the First International Dada Fair are presented not as simple transparent documents but as formal deployments conforming to a very concrete theory of history This approach allows Stavrinaki to link Dada to more contemporary artistic movements and practices interested in history and the archive At the same time she

investigates what seems to be a real oxymoron of the movement its simultaneous claim to the ephemeral and its compulsive writing of its own history In this way Dada Presentism also interrogates the limits between history and fiction Dada and Surrealism David Hopkins,2004-04-08 The avant garde movements of Dada and Surrealism continue to have a huge influence on cultural practice especially in contemporary art with its obsession with sexuality fetishism and shock tactics In this new treatment of the subject Hopkins focuses on the many debates surrounding these movements the Marquis de Sade s Surrealist deification issues of quality How good is Dali the idea of the readymade attitudes towards the city the impact of Freud attitudes to women fetishism and primitivism The international nature of these movements is examined covering the cities of Zurich New York Berlin Cologne Barcelona Paris London and recently discovered examples in Eastern Europe Hopkins explores the huge range of media employed by both Dada and Surrealism collage painting found objects performance art photography film whilst at the same time establishing the aesthetic differences between the movements He also examines the Dadaist obsession with the body as mechanism in relation to the Surrealists return to the fetishized eroticized body ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The Dada Painters and Poets Robert Motherwell,1989 Presents a collection of essays manifestos and illustrations that provide an overview of the Dada movement in art describing its convictions antics and spirit through the words and art of its principal practitioners *Anarchism and the Advent of Paris Dada* Theresa Papanikolas,2017-07-05 Anarchism and the Advent of Paris Dada sheds new light on Paris Dada s role in developing the anarchist and individualist philosophies that helped shape the cultural dialogue in France following the First World War Drawing on such surviving documentation as correspondence criticism periodicals pamphlets and manifestoes this book argues that contrary to received wisdom Dada was driven by a vision of social change through radical cultural upheaval The first book length study to interrogate the Paris Dadaists complex and often contested position in the postwar groundswell of anarcho individualism Anarchism and the Advent of Paris Dada offers an unprecedented analysis of Paris Dada literature and art in relation to anarchism and also revives a variety of little known anarcho individualist texts and periodicals In doing so it reveals the general ideological diversity of the postwar French avant garde and identifies its anarchist concerns in addition it challenges the accepted paradigm that postwar cultural politics were monolithically nationalist By positioning Paris Dada in its anarchist context this volume addresses a long ignored lacuna in Dada scholarship and more broadly takes its place alongside the numerous studies that over the past two decades have problematized the politics of modern art literature and culture *The Artwork Caught by the Tail* George Baker,2010-09-03 A new theory of the readymade via a new reading of Picabia and a new writing of Dada The artist Francis Picabia notorious dandy bon vivant painter poet filmmaker and polemicist has emerged as

the Dadaist with postmodern appeal and one of the most enigmatic forces behind the enigma that was Dada In this first book in English to focus on Picabia's work in Paris during the Dada years art historian and critic George Baker reimagines Dada through Picabia's eyes Such reimagining involves a new account of the readymade Marcel Duchamp's anti-art invention which opened fine art to mass culture and the commodity But in Picabia's hands Baker argues the Dada readymade aimed to reinvent art rather than destroy it Picabia's readymade opened art not just to the commodity but to the larger world from which the commodity stems the fluid sea of capital and money that transforms all objects and experiences in its wake The book thus tells the story of a set of newly transformed artistic practices claiming them for art history and naming them for the first time Dada Drawing Dada Painting Dada Photography Dada Abstraction Dada Cinema Dada Montage Along the way Baker describes a series of nearly forgotten objects and events from the almost lunatic range of the Paris Dada manifestations to Picabia's polemical writings from a lost work by Picabia in the form of a hole called suggestively *The Young Girl* to his painting *Cacodylic Eye* covered in autographs by luminaries ranging from Ezra Pound to Fatty Arbuckle Baker ends with readymades in prose a vast interweaving of citations and quotations that converge to create a heated conversation among Picabia Andr Breton Tristan Tzara James Joyce Friedrich Nietzsche Jacques Derrida Gilles Deleuze and others Art history has never looked like this before But then again Dada has never looked like art history

Surrealists on Art Lucy R. Lippard, 1970 Writings about surrealism by painters poets and other artists associated with the movement Several translated from French

Anarchism and the Advent of Paris Dada Theresa Papanikolas, 2010 Anarchism and the Advent of Paris Dada sheds new light on Paris Dada's role in developing the anarchist and individualist philosophies that helped shape the cultural dialogue in France following the First World War Drawing on such surviving documentation as correspondence criticism periodicals pamphlets and manifestoes this book argues that contrary to received wisdom Dada was driven by a vision of social change through radical cultural upheaval The first book length study to interrogate the Paris Dadaists complex and often contested position in the postwar groundswell of anarcho-individualism Anarchism and the Advent of Paris Dada offers an unprecedented analysis of Paris Dada literature and art in relation to anarchism and also revives a variety of little known anarcho-individualist texts and periodicals In doing so it reveals the general ideological diversity of the postwar French avant garde and identifies its anarchist concerns in addition it challenges the accepted paradigm that postwar cultural politics were monolithically nationalist By positioning Paris Dada in its anarchist context this volume addresses a long ignored lacuna in Dada scholarship and more broadly takes its place alongside the numerous studies that over the past two decades have problematized the politics of modern art literature and culture

Dada and Surrealism for Beginners Elsa Bethanis, Peter Bethanis, 2006-08 The unapologetically mad mood and tone of Dada and Surrealism began as a response to the horrors of World War I From entering a urinal in an art competition to declaring their own Pope to creating a telephone from a lobster the Dadas and Surrealists Tzara Arp Duchamp Dali Man Ray and others defied convention sneered at

traditional sensibilities and embraced even flaunted nihilism This colorful overview examines the art artists legendary pranks and philosophical underpinnings of two of the most irreverent imaginative movements in 20th century art as well as their continuing influence on contemporary art and culture

DADA, Surrealism, and the Cinematic Effect R. Bruce Elder, 2015-10-15 This book deals with the early intellectual reception of the cinema and the manner in which art theorists philosophers cultural theorists and especially artists of the first decades of the twentieth century responded to its advent While the idea persists that early writers on film were troubled by the cinema s lowly form this work proposes that there was another largely unrecognized strain in the reception of it Far from anxious about film s provenance in popular entertainment some writers and artists proclaimed that the cinema was the most important art for the moderns as it exemplified the vibrancy of contemporary life This view of the cinema was especially common among those whose commitments were to advanced artistic practices Their notions about how to recast the art media or the forms forged from those media s materials and the urgency of doing so formed the principal part of the conceptual core of the artistic programs advanced by the vanguard art movements of the first half of the twentieth century This book a companion to the author s previous *Harmony Dissent* examines the Dada and Surrealist movements as responses to the advent of the cinema
