Virtue Charles E. Curran, Lisa Fullam, 2011 This edited volume focuses on virtue using the same perspective that has characterized the previous fifteen volumes in the prestigious series *Readings in Moral Theology* from Paulist Press, begun by Charles E. Curran and Richard A. McCormick in 1979. This volume brings together fourteen previously published articles dealing in a comprehensive manner with the important topic of the role of virtue in moral theology and the Christian life. The contributors to this volume include the most important figures in Catholic moral theology who have written about virtue. In addition, the authors represented here come from the different theological perspectives found in moral theology today. The first part deals with the role of virtue in general, beginning with an overview of the seminal work of Thomas Aquinas. A second chapter explains the important work of Alasdair MacIntyre, while the last two chapters in this part come from the Catholic and feminist perspectives. The three chapters in the second part discuss the role of the various virtues in three different spheres of human existence: professional life, sexuality, and ecology. The third part develops in some depth the significant particular virtues of charity, justice, prudence, courage, and humility.

Mindshifts: Rewire Your Reality - A Philosophical and Spiritual Guide to Transforming Your Thought Life Roger Ball,2025-08-01 The deepest human longings never change for purpose transformation and transcendence Across every culture and era we ve asked the same questions Why do we suffer What makes life meaningful Is there more than this Today s self help industry dresses these ancient yearnings in modern jargon like authentic living life hacks and self actualization but the hunger beneath remains We don t just want better habits we want genuine transformation Not just productivity but meaning and purpose Not superficial self improvement but true deliverance Mindshifts reveals how humanity s greatest insights point beyond themselves to the God who designed us for more Consider how Nietzsche s call to

become who you are echoes the divine call to become who we were made to be Ephesians 2 10 The Phoenix s cyclical rebirth whispers of Christ s resurrection Orwell s warning about the happiness trap reflects Jesus teaching that life does not consist in an abundance of possessions Luke 12 15 These patterns are not accidental they are fragments of the truth that God has woven into history not as rivals to His revelation but as signposts pointing back to Him And they all find their fulfillment in the One who declared I AM the truth you ve been chasing John 14 6 The Homestead ,1923 *Christian Thought* ,1919

Christians among the Virtues Stanley Hauerwas, Charles Pinches, 2022-12-06 Christians among the Virtues investigates the distinctiveness of virtues as illuminated by Christian practice using a discussion of Aristotle s ethics together with the work of significant contemporary scholars such as Alasdair MacIntyre and Martha Nussbaum Hauerwas and Pinches converse with learn from and also critically engage powerful and explicitly non Christian accounts of virtues and then form a specifically Christian account of certain key virtues including obedience hope courage and patience This book will deepen the current public debate about virtue by showing how different traditions and practices yield distinctive understandings of the virtues and by articulating the particularity of virtues informed by Christian practice Hauerwas and Pinches begin with a discussion of Aristotle s account of happiness virtue and friendship and explore how the temporal character of life threatens the possibility of being virtuous The authors then contrast this idea with the Christian recognition of our temporal limitations as a call to virtue rather than a threat In the second section the authors address a work by John Casey which attempts to present an account of the virtues purged of their Christian heritage This analysis as well as the critical readings of MacIntyre and Nussbaum will be of particular interest to philosophers and theologians alike The authors bring a theological voice to the popular and philosophical debates about virtue While the work encourages Christians to think about what is unique to Christian virtue its specificity does not limit its applicability but opens up and deepens the debate over the particular interpretations of virtues calling on others to present more specific articulations of what it means to be courageous obedient hopeful and patient and to contrast those accounts with the Christian interpretations presented by the authors In this respect Christians among the Virtues is the first work in what could be called the second stage of the recovery of the virtues the work of understanding the difference among interpretations of the virtues in the light of different practices and traditions *The Spectator* ,1896 **Psychology** ,1928 Forum ,1915 *Unity* ,1927 **The Leather Workers' Journal** ,1911 The American Theosophist ,1912 *Service* ,1912 **The Christian Advocate** ,1918 Catholic World ,1902
