D.H. Lawrence, Music and Modernism Susan Reid,2019-02-06 This first book length study of D H Lawrence's lifelong engagement with music surveys his extensive musical interests and how these permeate his writing while also situating Lawrence within a growing body of work on music and modernism A twin focus considers the music that shaped Lawrence's novels and poetry as well as contemporary developments in music that parallel his quest for new forms of expression Comparisons are made with the music of Debussy Schoenberg Stravinsky Wagner and British composers including Bax Holst and Vaughan Williams and with the musical writings of Forster Hardy Hueffer Ford Nietzsche and Pound Above all by exploring Lawrence and music in historical context this study aims to open up new areas for study and a place for Lawrence within the field of music and modernism

Who Paid for Modernism?: Art, Money, and Fiction of Conrad, Joyce, And... (c) Joyce Piell Wexler,1997 Examining the ways the publishing experiences of Conrad Joyce and Lawrence affected their fiction Wexler draws on diverse sources of evidence to challenge some of the myths of modernism *Poetry of D.H. Lawrence: Modernism Without Artifice* Mukhopadhyay Samir Kumar,2002

D. H. Lawrence, Technology, and Modernity Indrek Männiste,2019-02-07 While the dehumanizing effects of technology modernity and industrialization have been widely recognized in D H Lawrence's works no book length study has been dedicated to this topic This collection of newly commissioned essays by a cast of international scholars fills a genuine void and investigates Lawrence's peculiar relationship with modern technology and modernity in its many and varied aspects Addressing themes such as pastoral vs industrial mining war robots ecocriticism technologies of the self film poetic devices of technology entertainment and many others these essays help to reevaluate Lawrence's complicated standing within the modernist literary tradition and reveal the true theoretical wealth of a writer whose whole life and work according to T S Eliot was an assertion of what the modern world has lost

The Many Drafts of D. H. Lawrence Elliott Morsia,2020-10-15 Winner of the DHLSNA Biennial Award for a Book by a Newly Published Scholar Exploring draft manuscripts alternative texts and publishers typescripts *The Many Drafts of D H Lawrence* reveals new insights into the writings and writing practices of one of the most important writers of the 20th century Focusing on the most productive

years of Lawrence's writing life between 1909 and 1926 a time that saw the writing of major novels such as *Women in Love* and the controversial *The Plumed Serpent* as well as his first major short story collection this book is the first to apply analytical methods from the field of genetic criticism to the archives of this canonical modernist author The book unearths and re-evaluates a variety of themes including the body death love trauma depression memory the sublime selfhood and endings and includes original transcriptions as well as reproductions from the manuscripts themselves By charting Lawrence's writing processes the book also highlights how the very distinction between process and product became a central theme in his work

Rhythmic Modernism Helen Rydstrand, 2019-01-24 Contrary to the common view that cultural modernism is a broadly anti-mimetic movement one which turned away from traditional artistic goals of representing the world Rhythmic Modernism argues that rhythm and mimesis are central to modernist aesthetics Through detailed close readings of non-fiction and short stories Helen Rydstrand shows that textual rhythms comprised the substance of modernist mimesis Rhythmic Modernism demonstrates how many modernist writers such as D H Lawrence Katherine Mansfield and Virginia Woolf were profoundly invested in mimicking a substratum of existence that was conceived as rhythmic each displaying a fascination with rhythm both as a formal device and as a vital protean concept that helped to make sense of the complex modern world

Everything Leaves a Trace Justin Miles McGee, 2015 During the transition from the nineteenth to the twentieth century the Bildungsroman acted as a vehicle for artists' reflections on the turbulent time The Bildungsroman is especially well suited to capture the fragmentation and disillusionment characteristic of modernism because of its sensitivity to the community's role in the individual's social normalization D H Lawrence's autobiographical novel *Sons and Lovers* 1913 embodies the jarring transition from the world of the Victorian Bildungsroman to modernity While Lawrence's novel still relies on characteristics of the Victorian Bildungsroman it makes a significant attempt to break away from the Victorian Bildungsroman Lawrence uses the burgeoning field of psychoanalysis to inform protagonist Paul Morel's development from adolescence to adulthood Freud's theories ground the tension between the individual and civilization in psychological terms and offer an explanation for its origin If modernism's creed is to make it new as Ezra Pound suggests *Sons and Lovers* stands as Lawrence's attempt to reinvent and redirect the English Bildungsroman Later modernist writers like James Joyce and Virginia Woolf take up the Bildungsroman and create a distinctly modern iteration of the genre that reveals and highlights the artist's unique position in his/her community through incorporating psychoanalytic theories to create a more realistic depiction of the protagonist's psyche But Lawrence's *Sons and Lovers* represents a pivotal moment in the history of the Bildungsroman as well as in the development of modern literature

Great War Modernists Lee M. Jenkins, 2024-07-11 Taking 44 Mecklenburgh Square as the focal point and springboard for a critical group study of D H Lawrence H D and Richard Aldington this book offers a fresh perspective on the relationship of modernist biofiction and poetry to the literature of the First World War A group that Perdita Schaffner described as another Bloomsbury set the Mecklenburgh Square

writers like the Bloomsbury Group proper lived in squares and loved in triangles in Dorothy Parker's famous formulation Geographically adjacent these sets intersected socially and at points in their aesthetics both practiced innovative forms of what may broadly be defined as life writing But demarcating the Mecklenburgh Square writers from the Bloomsbury Set the former had its origins in the transatlantic avant garde Lawrence H D Aldington and John Cournos were all associated with Imagism the poetic movement which instantiated Anglo American modernism Considered as a pro tem collective these four poets all of whom were also novelists and translators contest the binaries that still obtain between modernist and First World War writing This group study of Lawrence H D Aldington and Cournos tracks the transition of Imagism from a pre war mode to a war poetics which includes but is not confined to the trench lyric and it traces in the transtextual relations between the Mecklenburgh Square novels the traumatic imprint of the war on modernist life writing **The American Lawrence** Lee M. Jenkins, 2021-01-18 Reassessing Lawrence's relationship to American modernism and his American literary contemporaries Jenkins offers new insights into the literary exchange between America and Europe **Modernist Myth** Nanette Norris, 2008 The writers in this study were living at the edge of change in a world severely rocked by world conflict a maelstrom of upheaval of values of community standards and of philosophical visions Their task was to give themselves and others the power to change the world that is changing them to make their way through the maelstrom and make it their own Their response was not to embrace the chaos but to move through it and re-establish limits in the broader beyond **W.B. Yeats, D.H. Lawrence and Modernism [microform]** Debra Somberg Journet, 1982 [The Intelligent Unconscious in Modernist Literature and Science](#) Thalia Trigoni, 2020-11-16 This book reassesses the philosophical psychological and above all the literary representations of the unconscious in the early twentieth century This period is distinctive in the history of responses to the unconscious because it gave rise to a line of thought according to which the unconscious is an intelligent agent able to perform judgements and formulate its own thoughts The roots of this theory stretch back to nineteenth century British physiologists Despite the production of a number of studies on modernist theories of the relation of the unconscious to conscious cognition the degree to which the notion of the intelligent unconscious influenced modernist thinkers and writers remains understudied This study seeks to look back at modernism from beyond the Freudian model It is striking that although we tend not to explore the importance of this way of thinking about the unconscious and its relationship to consciousness during this period modernist writers adopted it widely The intelligent unconscious was particularly appealing to literary authors as it is intertwined with creativity and artistic novelty through its ability to move beyond discursive logic The book concentrates primarily on the works of D H Lawrence Virginia Woolf and T S Eliot authors who engaged the notion of the intelligent unconscious reworked it and offered it for the consumption of the general populace in varied ways and for different purposes whether aesthetic philosophical societal or ideological Shortlisted for the Modernist Studies Association MSA First Book Prize and for the 2021 British Society for Literature and Science Book Prize **Radicalizing Lawrence**

Robert Burden,2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence s texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence s fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence s writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results

The Opposite of Desire Tonya Krouse,2009-01-01 The Opposite of Desire examines explicit representations of sex and sexuality in modernist novels and it asserts that those scenes provide a lens through which one can explore modernist aesthetic interests as well as the centrality of issues surrounding sex sexuality and gender in the modernist period With the aid of Michel Foucault s theories about sexual discourses Tonya Krouse shows how the modernists represent the idea of pleasure in their novels

Travel, Modernism and Modernity Dr Robert Burden,2015-05-28 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism that challenged the ethnographic project of empire

D.H. Lawrence and 'difference' Amit Chaudhuri,2003 This Is Probably The First Instance Of Lawrence S Poetry Being Discussed In The Light Of Recent Theoretical Developments It Is Also Certainly The First Time A Leading Postcolonial Writer Of His Generation Has Taken As His Subject A Major Canonical English Writer And Through Him Remapped The English Canon As A Site Of Difference

Ulysses to Zora Neal Hurston's *Their Eyes Were Watching God* Pays close attention to both British and American modernism

Modernists at Odds Matthew J. Kochis, Heather L. Lusty, 2020-05-26 Challenges the unhelpful polarization of Lawrence and Joyce in much twentieth century literary criticism and offers intriguing alternatives to what is surely a reductive approach to the achievements of both writers Fiona Becket author of *The Complete Critical Guide to D H Lawrence* A groundbreaking collection Sexuality censorship publishing and rivalry are all treated with a fresh eye cutting edge archival research is brought to the fore and new perspectives such as ecocriticism are among the many highlights Susan Mooney author of *The Artistic Censoring of Sexuality* Modernism's most contentious rivals James Joyce and D H Lawrence were polar opposites stylistically personally and professionally yet their lives works and careers bear striking similarities They shared the same literary agent published in the same literary magazines fought legal battles against censorship and were both pirated by Samuel Roth This is the first book to explore the resonances between the two writers shattering the historical silence between Joyceans and Lawrentians The parallels run deep between these epic figures of the literary canon and this volume explores the classic modernist paradoxes shared by the two writers Both were at once syncretists and shatterers bourgeois cosmopolitans prudish libertines displaced nostalgists and rebels against their native lands Considering mutual themes such as gender class horseracing nature religion exile and modernism's fascination with Egyptology these essays highlight the many intersections in the major novels and short fiction of Joyce and Lawrence *Modernists at Odds* is a long overdue extended comparison of two of the most compelling writers of the twentieth century A volume in the Florida James Joyce Series edited by Sebastian D G Knowles
